# XPA-400C

**CRI > 95**

**High-power**

**Calibrated LEE filter color bank**

**8 color temperature preset buttons**

**Unique RGBWWLC LED with warm white**

## XPA-400C

### MULTI-COLOR SOFTLIGHT

The XPA-400C is a compact but high-power RGBWWLC LED panel, ideal for applications that require a powerful but compact light. The device is equipped with an intuitive control interface, featuring a 4-button menu and an LCD display for straightforward navigation, along with an 8-button programmable manual CCT bank

and 3 versatile rotary/push buttons for precise manual adjustments. Additionally, it boasts a calibrated LEE filter library, incorporating over 60 popular colors. Its firmware can be updated via USB in 10 DMX linked devices at a time. The fixture has 9 DMX Modes, including 3 B Expo 100MWW compatibility modes.

### Features

12-leaf barndoor

Diffuser & intensifier

Honeycomb  
30° and 60°

Pole operated yoke

2800K - 10000K

8 CCT preset

**High-power**

**Compatible with B EXPO100**

**Calibrated LEE filter color bank**

## XFR-140C

### MULTI-COLOR FRESNEL

The XFR-140C is a compact but powerful RGBL fresnel light with an adjustable zoom from 21° to 85° and a 4-leaf barndoor. The fixture has the capacity to go full color but is also designed to match the white color temperatures of the Luxibel B EXPO 100MWW, 200MWW and 200MCW

utilizing its 6 DMX modes. The fresnel now includes a convenient USB slot for software updates, simplifying the process for up to 10 DMX-linked fixtures simultaneously. Another of the fixture's novelties is the calibrated LEE filter library with various common colors in the industry.

### Features

Optional  
white cover kit

4-leaf barndoor

# XFL-300TW

**IP66**

**CRI > 95**

**High-power**

**Strong aluminium housing**

**4 color temperature preset buttons**

## XFL-300TW

### TUNEABLE WHITE FLOODLIGHT

The XFL-300TW is an IP66, high-CRI flood light with 4 preset color temperatures. It has a streamlined design that ensures easy transport and straightforward installation. These features make it the ideal fixture for many situations that require a

high-quality flood light: exhibitions, festivals, venues, and architectural lighting. It's a brighter, more modern replacement for the traditional HQI 400 type floodlight that reaches full brightness immediately.

#### Features

Powercable in-out

4 color temperature preset buttons

One-hand tilt locking system

## B BLAST PRO

### HIGH-POWER CW STROBE BAR WITH RGB PIXELS

Introducing the B BLAST PRO: a powerful and flexible IP65 strobe bar for stunning lighting effects! Equipped with 120x 5W CW and 120x 0.6W RGB LED bulbs, this eye-catcher is perfect for festivals, clubs, and stages. Its versatile locking system allows you to stack the strobe bars at any angle, horizontally or vertically,

offering unparalleled flexibility. The B BLAST PRO also includes a variety of brackets. Among these is the B BRACKET PRO, which enables vertical mounting under a truss or stacking on the floor with a base plate. The shape bracket facilitates the creation of various shapes, and the tilt brackets enables tilting the fixture.

### Features

Horizontal + vertical locking

# MULTI DOLLY

## PRE-RIG, PRE-PRODUCTION AND TRANSPORT DOLLY SYSTEM

The MULTI DOLLY, presented by Luxibel is a revolutionary pre-rig, pre-production and transport dolly system. The foundation of this dolly is a galvanized frame, useable in combination with Tente wheels on the side or on the bottom. The frame can therefore be used in multiple set-ups. It can be used horizontally or vertically in combination with standard NX34 square truss, standard size, or with solo tubes.

### Compatible with:

- Tente wheels
- NX34 truss
- Solo tube

# DOLLY COVER

## RAIN AND DUST PROTECTION FOR TRANSPORT DOLLIES

Introducing the ultimate solution to safeguard your light fixtures and equipment from dust and sand, and from unpredictable weather conditions. Its transparent design on the front and back allows for visibility, ensuring you can easily identify your gear without having to remove the cover. Two sizes are available: standard size and half size. Both feature convenient zippers that ensure quick and easy access to your equipment.

### Two cover sizes available:

- 1600 x 990 x 590 mm (WxHxD)
  - 1600 x 1990 x 590 mm (WxHxD):
- Compatible with MULTI DOLLY
