Paralympic Day 2022

Novelty worked with the Double 2 agency on Paralympic Day at the Place de la Bastille in Paris.

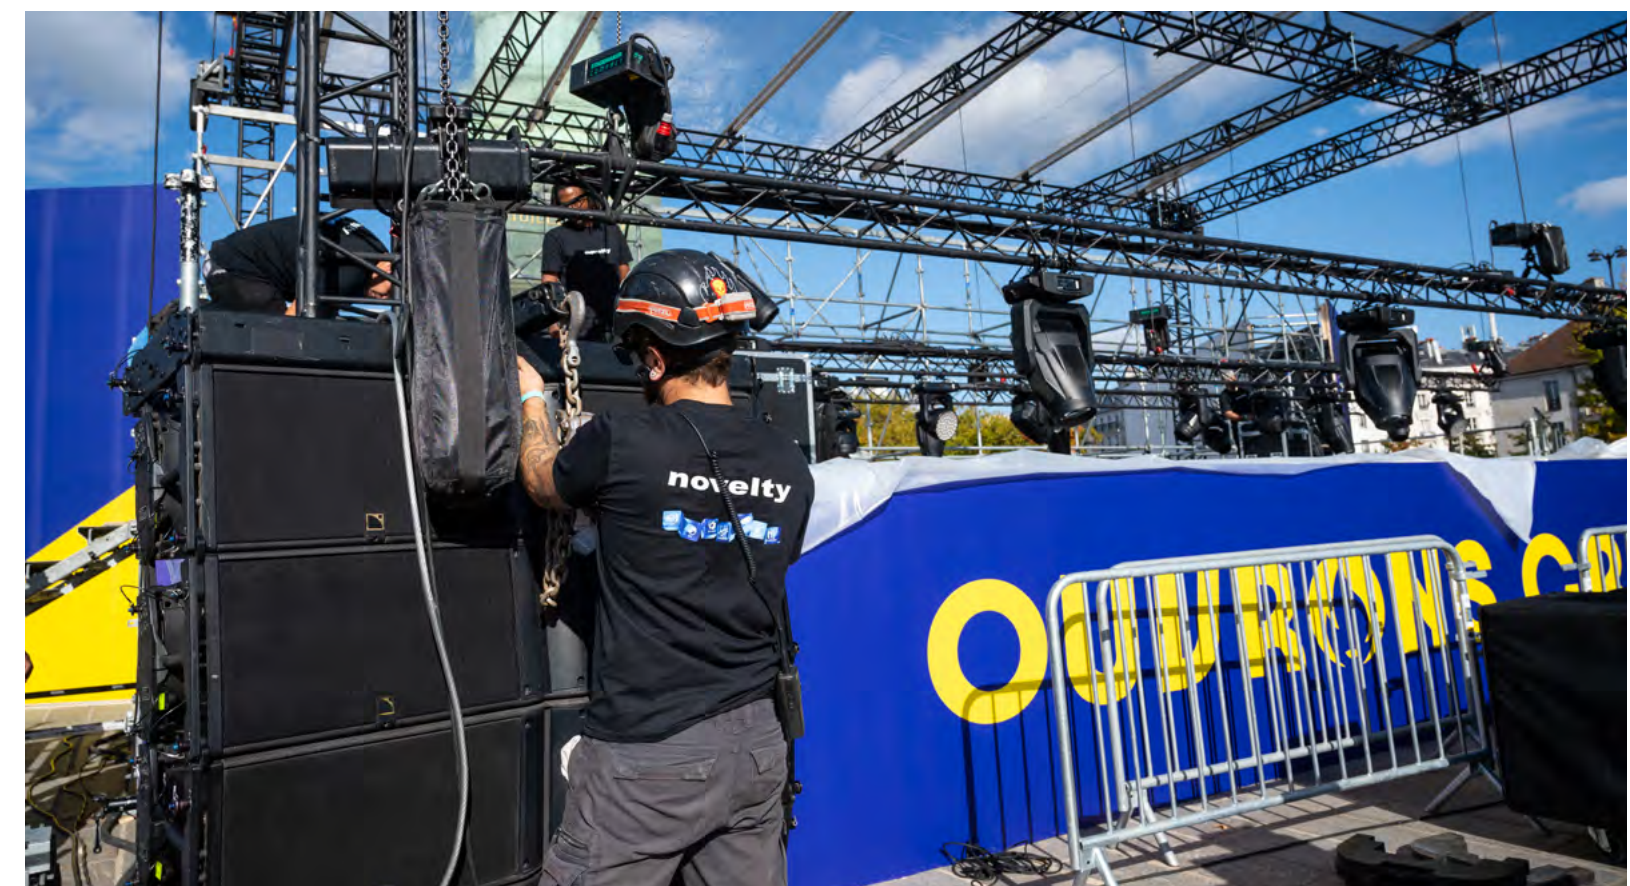

This event is part of the preparations for the 2024 Olympic Games. A team of over 20 technicians worked around the clock to distribute all the electrical power to the entire site.

- Sound system for the main stage with L-Acoustics K2 and Kara, and video broadcasting on an outdoor 6mm LED wall over 14m long, modulo 4-stream control room.
- Sound and video equipment for several demonstration and speaking areas.

Protecting the electrical installations to accommodate a family audience and those with reduced mobility was an essential part of our teams' work.
