 Dubai Police

Dubai Police had the privilege of hosting the third edition of the World Police Summit, a significant event that brought together leaders and innovators from the global law enforcement community.

This year, we built upon the achievements of the summit's previous editions, providing a platform for meaningful discussions on the future of public safety and security with an agenda packed with insightful conferences, expert-led panels, and interactive sessions addressing the challenges and opportunities facing law enforcement today.

We proudly hosted over 200 renowned speakers, including influential figures from INTERPOL, the United Nations, and other leading organizations. With 17,389 attendees worldwide, we explored security topics ranging from transnational crime and cybercrime to resilience and sustainability.

The summit featured seven thematic conferences, exclusive roundtable discussions for senior police and security leaders, a VIP lounge for private networking, and the World Police Summit Awards that celebrated excellence in policing and serving communities.

As the World Police Summit 2024 convened, we believe all participants and visitors used this opportunity to learn from one another, share best practices, and forge lasting partnerships that ensure the safety and security of our communities.

Thank you for joining us at the World Police Summit 2024.
