BIO

David Tasker

Managing Director at BLG LOGISTICS GROUP AG & Co. KG

highly competent global logistics expert, skilled in driving direction, commercial performance and profitability; optimising multi-modal transportation networks; together with forging and leading high performance partnerships in the specialised fields of Security, Classified, Valuable and Attractive, or High Tech industries.

An approachable, well-respected and intrinsically honest leader with demanding expectations and the competitive edge that delivers success where others are defeated. Combines a direct and challenging approach with a flexible, can-do and consistently reliable attitude that enables hard decisions to be taken and difficult messages can be delivered and accepted

SHIPS LOADING AND UNLOADING

OUR EXPERIENCE

We reload millions of tons every year – only our word has more weight!

- loading/unloading of vessel in ro-ro and lo-lo system
- loading/unloading of military equipment in the relation: truck-to-truck, rail-to-truck

OUR EXPERIENCE

- 2 Tugmaster
(for towing not running tracked vehicles)
- Reachstacker over 25 ton
- Forklifts
- Mobile crane

TANKS WASHING&CLEANING

1. Pre-washing on Moby Dick

- Removing first heavy mud
- Duration up to 15 minutes per vehicle

2. Detailed Washing

- Detailed washing of underbody with high pressure washers on modular ramp
- Washing remaining exterior

3. Interior Washing

4. Inspection

5. Moving to Sterile Staging Area

TANKS WASHING&CLEANING

- Time savings up to 1 hour per unit!
- Close water loop
- Sustainable solution

HEAVY TRANSPORT IS ONE OF OUR SPECIALISATION

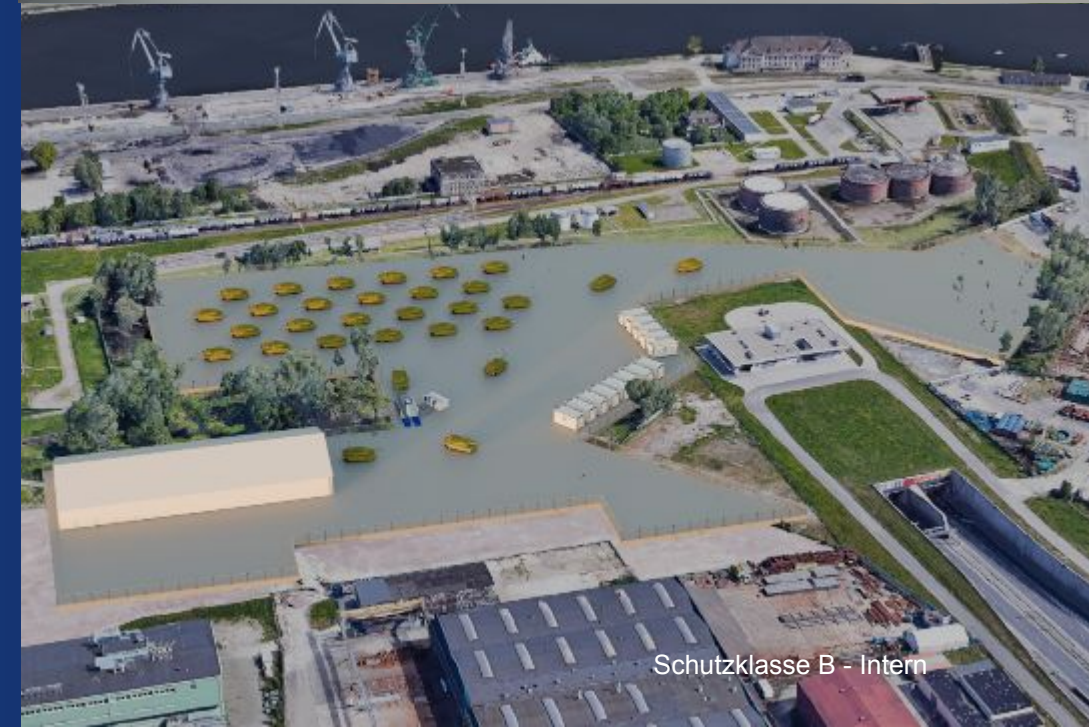

- Combination of **different modes of transport**: sea ships, trains, inland waterway and trucks
 - **Pre- and on-carriage** from the northern and western ports to all Europe destination – **including Ukraine**
 - **Unloading and interim storage of goods** (possibility of storage of containers in **BLG's own port terminal**)
 - Own driver team working as „**external drivers**”
- (also for tanks and special units)**
- **Optional storage of chassis** at the sender/recipient

Note: Within the framework of legal requirements, deliveries to and from Ukraine may take longer time.

ACCOMODATION AND TEMPORARY STORAGE

- Construction of temporary accommodation
- also for large groups
- Preparation of the site in temporary buildings
(tents, containers)
- **Fully fenced and protected sites**
- Availability **without time limits**
- **Sites in the port** or in very close proximity to the port
- **Short time** of preparation of a dedicated solution
