- TO CONCLUDE

# OUR MISSION

NRDC-GR HQ as a Warfighting HQ is to be capable of conducting offensive, defensive, stability and enabling land tactical activities and exercising command and control over a number of Subordinate Formations, to include maneuver and Corps enablers, as part of a NATO joint force, within a multi domain environment, in order to accomplish the full range of Alliance missions.

## OUTLINE

- WHO WE ARE
- OUR MISSION
- **OUR DELIVERABLES**
- CHALLENGES THAT WE FACE
- OUR WAY AHEAD
- TO CONCLUDE

# OUR DELIVERABLES

## Credible Security Provider

## Tool for Deterrence and Defense

# OUR DELIVERABLES

## Capabilities

- Execution of Article 5 or NA5CRO
- Deployment over strategic distances
- Sufficient mobility within the JOA
- Sustainability for at least 6 months
- Command and Control of forces
- Coordination with Maritime Ops
- Coordination with Tactical Air Ops

# OUR DELIVERABLES

## High Readiness Culture

## Liaison and Reconnaissance Team Activation Drill

# OUR DELIVERABLES

## Rigorous Training Requirements

# OUR DELIVERABLES

**GMED MACHAON**

**G4 Stockpile Planning**

**G9 Seminar**

**G2 SIKINOS**

**Capable to offer training**

**G1 HRDS Reps**

**AOCC - IKAROS**

**G4 AMALTHEIA**

**GOKN ACADEMICS**

# OUR DELIVERABLES

## Rigorous Training Requirements

Train, experiment and evaluate internally NRDC-GR as a WFC HQ in planning and conducting Collective Defense Operations at MJO+ scale

**Our training capstone: GOKN series**

# OUR DELIVERABLES

## Rigorous Training Requirements

**Contested Multi-domain environment**

## OUTLINE

- WHO WE ARE
- OUR MISSION
- OUR DELIVERABLES
- **CHALLENGES THAT WE FACE**
- OUR WAY AHEAD
- TO CONCLUDE

# CHALLENGES THAT WE FACE

## HQ nomination as a Warfighting Corps

- Readjust the structure and incorporate new functions to confront threats in Multi Domain Operations (MDO):
  - ✓ Joint Air Ground Integration Centre (JAGIC)
  - ✓ SPACE Cell
  - ✓ Maritime Land Integration (MLI)
- Application of best practices mainly from UKR-RUS conflict
- Participation to exercises to achieve certification as WFC

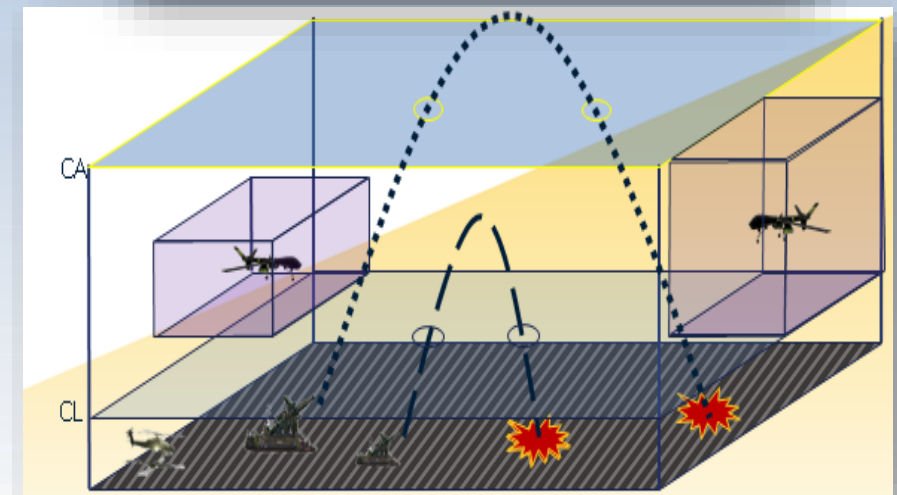

# CHALLENGES THAT WE FACE

## Integration of new functions: **Air Land Integration**

**JAGIC** provides:

- Synchronization and control of Joint Fires in the Area of Operation
- Effective employment of lethal and non-lethal effects
- Speed and flexibility of airspace clearance for coordinated Joint Fires

# CHALLENGES THAT WE FACE

## Integration of new functions: **SPACE**

### Space section provides:

- Space dimension into the planning and execution cycles
- Exploitation of NATO space assets and platforms (situational awareness, space weather, ISR, communication, early warning functions)

# CHALLENGES THAT WE FACE

## Integration of new functions: **Maritime Land Integration (MLI)**

**MLI** development includes:

- Leverage maritime knowledge of cross component capabilities and processes
- Run a process to modify policy and doctrine
- Built collective training models

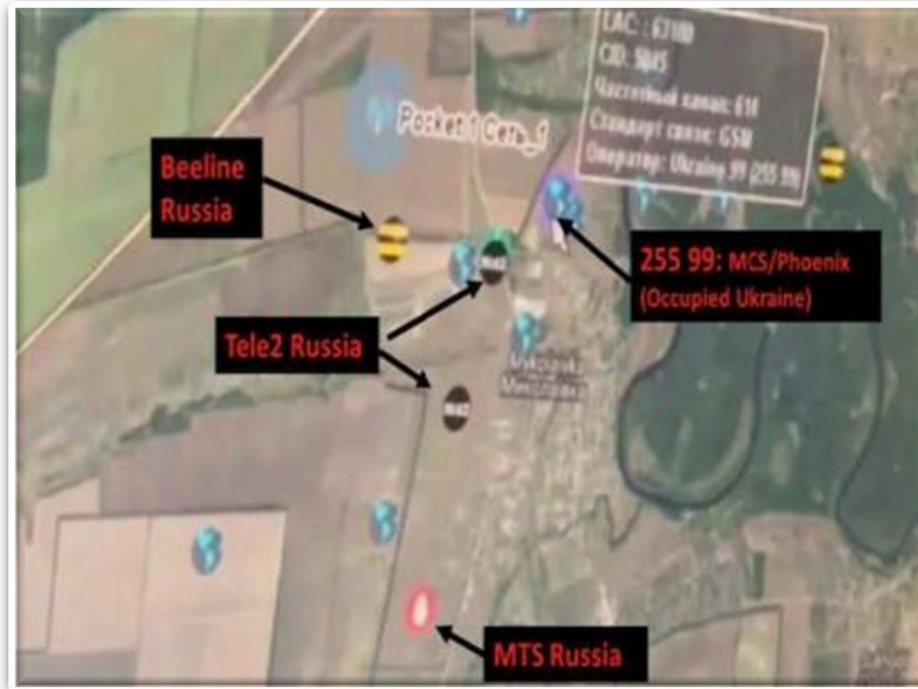

# CHALLENGES THAT WE FACE

## UKR-RUS War Best practices: New Command Post Concept

### *Smartphones*

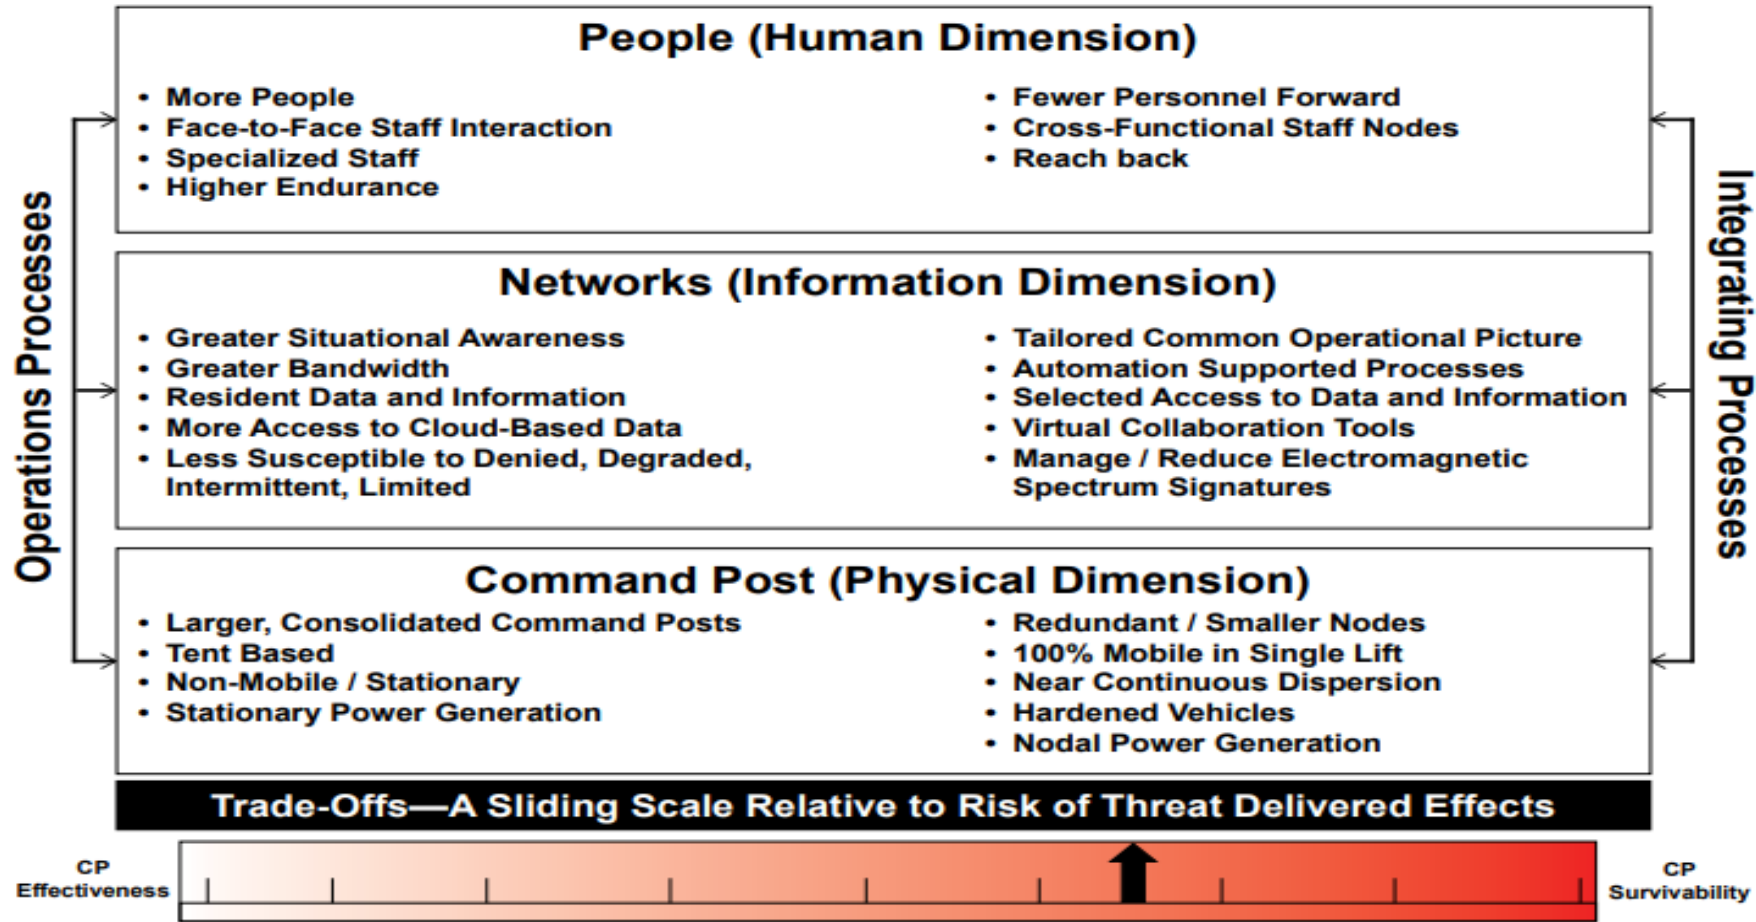

### *Drones*

# CHALLENGES THAT WE FACE

## UKR-RUS War Best practices: New Command Post Concept

### Effectiveness vs. Survivability

# CHALLENGES THAT WE FACE

## UKR-RUS War Best practices: New Command Post Concept
