FIELDING A HEAVY BRIGADE BY 2028 - 2032

Objective:

 Be able to field a heavy brigade by 2028 – 2032.

Current situation:

- Capable of fielding one (1) Bn-sized unit.
- Only 1/3 of the total amount of materiel needed to field a heavy brigade at hand.
- Absence of a Study and Development pillar in the Army.

2024!

Challenges:

- Planning capacity.
- Implementation capacity.
- Time.
- Purchasing processes not suited to match *time versus task*.

2024 ->

Solutions:

 Manage customer requirements and expectations.

Aquistion and Logistics

Organisation

Integrate the defense industry from the very beginning to the very end.
