WOMEN IN SRT BREAKFAST

Our first ever 'Women in SRT breakfast' was a great success. 50 senior-level delegates gathered on the morning of the event, for a dedicated hour of informal networking. Attendees caught up with friends and made new connections over breakfast - all before the first session of the day. Post event feedback has indicated that participants found this to be a valuable and worthwhile addition to their overall event experience. We look forward to repeating this gathering and building on its success again next year.
