## THE ROYAL HONEY

The benefits of honey go beyond its great taste. A great natural source of carbohydrates which provide strength and energy to our bodies, honey is known for its effectiveness in instantly boosting the performance, endurance and reduce muscle fatigue of athletes. Its natural vitamins play an important role in preventing fatigue during exercise. The glucose in honey is absorbed by the body quickly and gives an immediate energy boost, while the fructose is absorbed more slowly providing sustained energy. It is known that honey has also been found to keep levels of blood sugar fairly constant compared to other types of sweetener.

# ABOUT OUR COMPANY

Riad Al-Masri Est. for Industry and Trade (Al Malaky), is considered among the most important leading company in the middle east which entered the honey products , Royal Jelly, beeswax and Propolis in nutritious products, Cosmetics and health industries.

Since 1975, the company deals with bees and its products, during such period, it achieved great remarkable success.

The company is producing its products relying on scientific researches and high qualifications, hence it accredited laboratories under the supervisions of researchers who are working continuously to develop product and activity.

In its ingredients and components, it depends on 100 % natural materials according to the standards of Health and safety.

## OUR GOAL

Our goal is to support the production of pure honey and natural products which contributes to the growth of a healthy generation and to make "Al Malaky" a title of credibility and quality

## OUR DUTY & POLICY

To be distinctive in production as far as quality and qualification is concern and to ensure that any product bears the trademark of (Al Malaky) and will be considered the title of credibility and quality.

# COMPANY HISTORY

Al Malaky Royal first beekeeping activities in Syria was started in 1975, when Mr. Riad Al Masri graduated as Agricultural Engineer Specializing in bee researches. He started beekeeping as his own business and handling both private and government projects on bees and grow his colony to reach over 2,000 beehives. Pioneering the beehive concept in Syria.

In 1990, Mr. Riad founded Al Malaky Royal Establishment. He started to develop honey products and bee products like propolis, royal jelly and bee pollen producing a natural pure honey of different variations as well as propolis candy. He also stated to combine these honey products to other natural ingredients such as essential oils in order to produce a what we called natural cream for skin care along side this he also formulate soap and shampoo.

In 1999, Mr. Riad sons make it as family business and advancing their market not only locally but in the Middle East. Representing the whole region of Middle East, continuous research and product development makes Al Malaky Royal one of prominent companies in the Arab World.

In 2004 the factory uses the most advance and hygienic technology available in the industry producing products in various packaging. As the company progresses, Al Malaky UAE is founded in 2011. Product development, latest technology such as fully automatic lines and specialist in honey and bees products combined together thus gave us the brand "Royal" as one of the leading brand in cosmetics, soap, hair products, natural oils, herbal teas, honey and other bees products.

We develop this concept to create and to provide the finest, pure, premium quality honey and specialty hive products to our customers and to be the first among the best choices in the field of health care and beauty in the Middle East and to supply the best products in the region in terms of price and quality, Handling by professional Merchandise Management that saved time, storage and money for our business partners. Making sure to be distinctive from the production to the end customers as far as quality and qualification is in consideration and to ensure that any of our products will bears the trademark of Royal Al Malaky, "A product fits for a Royalty".

## HERBAL OIL PRODUCTS

Somebody said beautifully that "every drop of honey holds the spark of life". It is true for every type of honey we have on earth especially for Sidr Honey.

This honey comes from the nectar of the Sidr tree which is an ancient tree in Middle East Region. The Sidr Tree is famous for its phenomenal medicinal value. This type of honey is considered the best in the world and the most expensive (Price may vary to which place it is produced and its availability) due to its distinctiveness, marvelous taste, aromatic smell and health benefits. Hence makes it a royalty in its classification.

To define the aristocracy of this product, Al Malaky Foodstuff Packing LLC carry out an innovative packaging for it. Aside from a high quality bottles, it is placed in a carefully crafted luxurious leather box embossed with a crown in it. Thus bringing out to consumer the real entity of a Sidr Honey by description, taste and exquisite presentation.
