

The Offroad Tradies is owned and operated by Luke Thornton and Kelvin Blackett (Curl).

Luke and Curl are both tradies.

One electrician the other a builder.

They have grown up in rural NSW and have a passion for the great outdoors, camping, 4WDing and this country.

They have decided to hang up the work boots and do what they love most.

That is getting you and your families out and seeing what this great country has to offer.

We offer guided self-drive tours (tag-along) through out Australia. From the Tip to the South coast and everywhere in between.

Whats better still, we do all the organising for you. All you have to do is bring your swag (or tent), a chair and your sense of adventure.

The Offroad Tradies take care of all planning, National Parks, camping and assorted ferry fees. We provide you with great camping sites, fully catered options and good company.

These tours are fully escorted by Luke and Curl. So you will be sure that your adventure will be a memorable one.
