

RAW NITRO Heavy Duty

RAW
4x4

The RAW Nitro range will improve ride quality, reduce body roll and increase vehicle stability and control.

Well suited to the recreational 4WDriver who is looking to lift the vehicle and improve overall suspension performance.

SUPERIOR PERFORMANCE

Increased bore size reducing internal operating pressure for a longer lasting shock

High performance oil for consistent performance in all types of conditions

HNBR seal with wiper lip designed to keep dust and grime out

Hardened polished chrome rod to improve longevity and seal wear

Re-coil cut off to avoid internal shock absorber damage at full articulation

Large body for extra capacity

Highly charged nitrogen gas to resist shock absorber fade
