# BONNET PROTECTORS

## INFORMATION:

OCAM Bonnet Protectors are not only stylish, they are useful for guarding the leading edge of your bonnet from stone chips and scratches. They also protect insects from splattering on your windscreen.

- Easy to install with no drilling required
- Moulded from tough 2.5mm acrylic
- Protects hood from dings and chips
- Deflects airflow over the bonnet to protect the windshield
- Low - medium, sleek profile design
- Custom designed for each vehicle
