

WHAT IS INTELLIRIDE?

IntelliRide is a fully automatic, Electronically Controlled Air Suspension (ECAS) System. When fitted, the system provides comfort while maintaining a programmed ride height regardless of the load.

The IntelliRide system continuously monitors inputs and component performance as a means of increasing safety and durability. Three pre-set vehicle heights are available at the push of a button (drive height, raised height, and lowered height), including automatic load levelling at each height.

The system also recognises unachievable heights, assisting in the prevention of possible damage above or below the vehicle.

CORE COMPONENTS

ECU
OE specification
EMC approved

Air Tank
Lightweight aluminium
SAEJ10 certification

Valve Block
OE specification
EMC approved

AMK Air Compressor
German manufactured

Height Sensors
IPXX rated

Handheld Controller
9 metre lead

APP
COMING
SOON

Images are indicative. Exact components may vary slightly depending on the application.

FEATURES

- › Automatic 2-corner ride height control for varying loads
- › 3 preset heights: High, Drive & Low mode
- › Fully adjustable via hand-held control - **wireless app control coming soon!**
- › Horizon Levelling at the touch of a button
- › On-site levelling (side-to-side)
- › Raise for clearance, lower for storage & access
- › Speed sensing for safe return to ride height
- › Manual mode
- › OEM-grade components for reliable performance

BENEFITS

- › Easy installation
- › Excellent ride quality
- › Variable spring rate
- › Adjustable levelling control
- › Prevents bottoming out
- › Reduces tyre wear
- › Lowers maintenance costs
- › Safer load carrying
- › Better braking
- › Improved steering and handling
- › Stabilise body roll

BIG BRAND BACKING

Proven over many years, **IntelliRide** is trusted by OEs including Iveco, Renault, VW and is a Ford Licensed Accessory. This EMC-approved system is the go-to choice for Queensland Ambulance and other emergency service vehicles.

QUALITY AIRBAGS BY

Firestone
AIRIDE

Large range of airbags with varying capacity and stroke to suit each specific application.

WHY AIRBAG MAN?

Airbag Man has specialised in air suspension for more than 30 years, partnering with major manufacturers including Firestone and AMK Driverite to ensure the proven quality of our core components, guaranteed. We back our products with excellent after sales support as well as an unrivalled specialist network throughout Australia, NZ and export markets worldwide.
