Our club property

The club owns a large bush property at Yarck, near Yea in north-east Victoria.

It features a variety of purpose built tracks and obstacles used for driver skills training.

The 'Yarck Hilton' is also our club meeting house and sits in the heart of our property providing a meeting place, enabling members to socialise around a large communal fireplace. The property also boasts hot water, flushing toilets and showers.

Camping sites, swag decks and fireplaces scattered across the property make the property a desirable location for a short break, special event or as a base for exploring Victoria's High Country.
