

Capacity:
1024Wh (40Ah)

Wattage:
1200W(2500W MAX), 100-120V/210-240V, 50Hz/60Hz

Working Environment Temperature:
Input: 0°C - 40°C (32°F - 104°F)
Output: -10°C - 50°C (14°F - 122°F)

Recharging Time:
1.5 hrs

Net Weight:
11.5Kg

Dimensions:
350*222*297mm

● **ACOutput X2**

Key Features:

- Industry-Leading Safety Standards
- Intelligent Battery Management System (BMS)
- High-Performance Power Capacity
- Fast-Charging & Seamless Power Backup
- Versatile Charging for ALL Your Essential Devices
- Quiet Charging Mode for a Peaceful Night's Sleep
- Compact, Durable & Adventure-Ready
- 5 years local guarantee
- Equipotentially bonded invertert

At Aeon Guardians, we provide more than just portable power stations-we deliver reliability, local support, and true energy independence for all your outdoor and emergency needs.

Emergency Mode

When Battery Level To 0%
Lighting Can Still Be Turned On
USB Powered

Energy Saving Mode

Automatic Shutdown
After 2 Hours When No Output.
Reduce Battery Depletion.

Mute Mode

Independent Buttons
Charging Quieter
Enjoy Peaceful Sleep

AC Input
100-130V/200-240V, 50Hz/60Hz

Solar Input
400W Max, 12-48V

DC/Car Charger Output
12V/24V, 8A

● **DC5521 Output X 2**
Single Port 60W, 12V

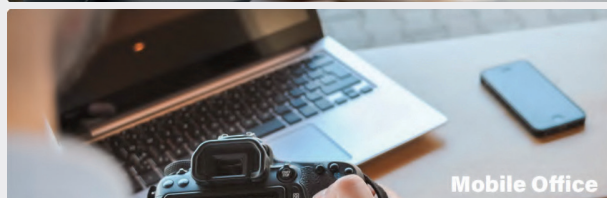

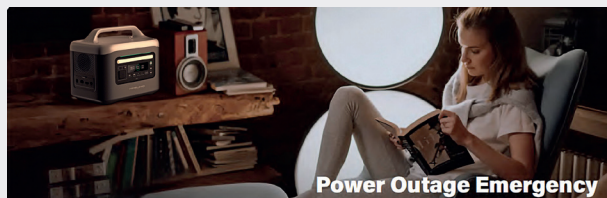

● **DC/Car Charger Output**
120W, 12V (Car Charger+DC5521*2=120W Max)

● **USB-A1/A2 Output**
Single Port 22.5W, Double Port 45W

USB-C1/C2 Output
Single Port 100W, Double Port 200W
* Total Output Power: 1565W Max

3000 High Life Cycles
Durable
Long-lasting

10 Output Ports
To Meet Different Electricity Needs

Unleash Unlimited power
