

THE OPEN ROAD IS CALLING

And Recon is your ticket to answer. Inspired by the art of reconnaissance—surveying the unknown and preparing for what's ahead—Recon is a beautifully simple, adaptable, and rugged system. It empowers you to build a setup that perfectly matches your gear and your goals. Recon doesn't just come along for the ride—it prepares you for every step of the journey. Your gear, your way—opening more doors to exploration.

RECON HARDSIDE COOLER

PRODUCT HIGHLIGHTS

Next-gen hardside coolers made to fit your journey. Stack ‘em, pack ‘em, and build a custom system that’s optimised for vehicle travel and designed to keep your food and drinks cold for the long run.

Lightweight Durability

Injection-molded with welded seams and up to 5cm insulation, Recon is up to 30% lighter than other coolers—built for max efficiency without the bulk.

Packable & Stackable

Rubber top nests securely for slip-free stacking. Pack more, carry less.

Dual Open Removable Lid

Latches open from either side or remove entirely for full access. Tight-seal gasket locks in the cold. Metal latches double as bottle openers. Lockable for extra security.

Elevated Extras

Magnetic plug stays put while you drain and built-in lock points so you can secure your cooler when needed. Medium and large Recon come with an organizing basket and a divider that doubles as a cutting board.

RECON ZL SOFTSIDE COOLER

PRODUCT HIGHLIGHTS

Light, tough, and built for the journey. Recon ZL integrates seamlessly with your Recon System or stands alone for grab-and-go adventures—perfect for side trips, quick hikes, and venturing beyond basecamp.

Performance First

Frost Core™ insulation, rugged 840D nylon, and a leakproof liner deliver lasting cold and unmatched durability.

Zipper-Free Durability

No zippers. No weak points. Recycled 840D nylon, double-layer TPU coating, leakproof welded liner, and a reinforced base.

Chill Anywhere

Dual-hinge latches swing open from either side for quick, one-handed access and a magnetic handle and rugged straps give easy grab and go.
