We regularly run trips to the High Country, Mallee and Robe as well as snow trips, social day trips, interstate trips and factory/ supplier tours.

Discounted driver, recovery, nav, comms and first aid training is also available through the ACV. Members have access to a satellite phone, AED, spares box, club trailer, shelter and more.

The ACV has partnered with other 4WD Clubs, land managers and community groups to support communities, charities, areas suffering hardships, and clear tracks.

We meet monthly in Bulleen to discuss activities, training workshops, events, trips and other initiatives before enjoying a meal together, often hearing from guest presenters. We hope to see you there.

The ACV is a family friendly club with members spread all over Victoria. Many of our members have children who have grown up camping and doing trips with the ACV and others with older children are now enjoying the 4WD life in their own vehicles with skills learned through the ACV.
