IRIDIUM EXTREME (9575) & BEAM LITEDOCK BUNDLE

\$3,295
@ \$137.29 p/m x 24 months
or \$274.58 p/m x 12 months

The Iridium Extreme handset fits securely in the docking station and is purposely built to allow you to utilise the SOS emergency, with an inbuilt GPS coupling capability that allows you to connect an external GPS antenna to the dock. The Whip Antenna design provides for increased roofline clearance and is designed to be extremely flexible in its installation options, from bull bars, roof racks or pole mounts. Beam's LiteDOCK Extreme Bundle is the ideal docking station for 4x4, small vehicles and Caravan applications.

IRIDIUM GO! VEHICLE BUNDLE

\$2,195
@ \$91.45 p/m x 24 months
or \$182.91 p/m x 12 months

The Iridium GO! Vehicle bundle is ideal for in-vehicle applications for those who are constantly travelling to regional and remote locations. The bundle includes a robust whip antenna that is suitable in harsh Australian environments. The sturdy RAM mount can be mounted on to the vehicle's windscreen and connect the Iridium GO! to the AC car adapter for continuous power, while on the move.

BEAM EXTREME (9575) LITEDOCK

\$2,595
@ \$108.12 p/m x 24 months
or \$216.25 p/m x 12 months

The LiteDOCK Extreme Handset bundle is a great, cost effective way to purchase an Iridium Extreme handset and Beam LiteDOCK Extreme together.

IRIDIUM EXTREME (9575) & BEAM LITEDOCK PLUS - BUNDLE

\$2,795
@ \$116.45 p/m x 24 months
or \$232.91 p/m x 12 months

The Iridium Extreme handset fits securely in the docking station and is purposely built to allow you to utilise the SOS emergency, with an inbuilt GPS coupling capability that allows you to connect an external GPS antenna to the dock. The Magnetic antenna allows for easy installation, removal and refit between vehicles. This application is suitable for land-based vehicular applications or in locations where a temporary antenna installation may be required.

IRIDIUM GO! MARINE BUNDLE

\$1,795
@ \$74.79 p/m x 24 months
or \$149.58 p/m x 12 months

The Iridium GO Marine Bundle gives you working communication below deck under any type of sea condition. It is also great for any situation where you need to communicate indoors such as a remote cabin. Included is a mounting kit, mast antenna and 12M of antenna cable.

IRIDIUM EXTREME (9575) & BEAM DRIVEDOCK BUNDLE

\$4,595
\$600 upfront
@ \$166.45 p/m x 24 months
or \$332.91 p/m x 12 months

This bundle provides everything you need to operate an Iridium Extreme (9575) Satellite Phone in a vehicle, with hands free voice/bluetooth/tracking and is great value!
