ADVENTURE DRIVEN™ — WE'VE GOT MORE FOR YOUR 4X4

CALL 1800 624 444 VISIT [OPPOSITELOCK.COM.AU](https://www.oppositelock.com.au)

TOUGH REDEFINED

NOW AVAILABLE!

The all-new Opposite Lock Post-type bull-bar to suit the MY21 Toyota Hilux.

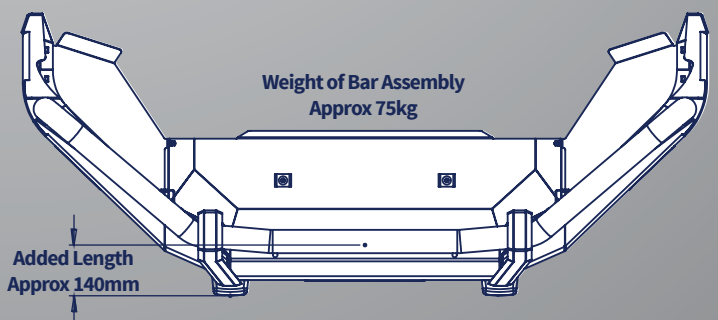

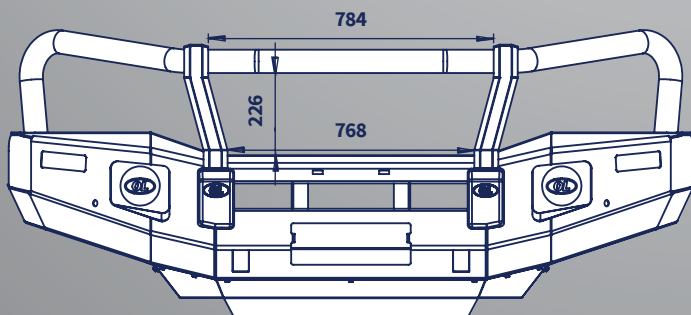

Our spin on traditional frontal protection is uniquely designed and engineered in Australia to complement and enhance the vehicle's original aesthetics. Our engineers have designed this bar to offer maximum frontal impact protection whilst being packed with features that allow the personalisation of your vehicle, ready to be equipped with a wide range of off-road accessories.

It's a must-have for all Hilux lovers.

Key features include:

- 3mm high strength low corrosion steel construction
- Hi-Lift Jack points
- Provisions for driving lights
- 3 x Antenna mount tabs located on top of the bar
- Durable matte black powder coat
- Split front panel allowing optimum airflow through the bar
- Topped off with a 64mm tube that is 2mm thick
- Top Tubes run down into the bar for added strength
- Multi-Fold wing design is tapered to increase the approach angle
- Winch Compatible and comes with winch mounting bracket
- Tech pack compatible
- Indicator Park light
- All Opposite Lock Bars have been tested in Australia for Airbag compatibility
- All Opposite Lock bars are ADR Compliant
- All Opposite Lock Bars carry a 2-year warranty
