OFF ROAD PRODUCTS

2021 **PRICE** **GUIDE**

www.piranhaoffroad.com.au

Piranha is proudly a 100% Australian owned manufacturer and distributor of highly specialised products for the off road 4WD industry.

Piranha began as a family owned business. Traditional business values of excellent service and client satisfaction are essential to Piranha's business philosophy today. All staff take time to talk with you and advise on the best solution for your vehicle.

With over 30 years in the 4WD market, you are dealing with experts and leaders in the industry.

Today, Piranha has stores and distributors located throughout Australia with their main aim: to provide you with the best and most reliable products for your 4WD needs.

VEHICLE ACCESSORIES

35

7 REASONS WHY PIRANHA BATTERY MANAGEMENT IS BETTER THAN THE REST!

1. ONE WAY FLOW

Only allows power to flow in one direction, charging the main battery first, THEN the aux. battery.

2. EASY TO INSTALL

Just add a Cable Kit

3. LESS JOINTS

Less joints means less potential problems - ie. voltage leaks, incorrect earthing etc.

4. BATTERY CHOICE

Allows the use of dissimilar batteries ie. size, type, age or design.

5. NO INTERFERENCE

With existing vehicle or boat wiring. No effect on vehicle warranty or original wiring.

6. SPIKE & SURGE PROTECTION

For EFI, petrol and diesel vehicles as well as protection for UHF/CB, phones, and GPS.

7. WARRANTY

2-year unlimited km Warranty or 5-year unlimited km Warranty when purchased with full fitting kit (isolator, battery, battery cradle) and fitted by an authorised Piranha installer.

PIRANHA AOC

ALTERNATOR OUTPUT COMPENSATOR

**BOOSTS ALTERNATOR
OUTPUT BY UP TO 0.5 VOLT**

Allows installation of:

**AGM STARTING BATTERY
or
AUXILIARY BATTERY**

To suit some Toyota vehicles with variable rate alternators with fused protection

For suitable vehicle application ring 03 9762 1200. AOC should be fitted by a qualified person and only after checking existing charge rate

AOC / IGNSENSE / BATTERY MONITORS 05

ALTERNATOR OUTPUT COMPENSATOR

DBAOC

To Suit the following vehicles:

- Toyota Prado 120 Series
- Toyota Prado 150 Series up to 09/2015 series 3L
- Suit Toyota Hilux 2005-09/2015 3L
- Landcruiser 200 series without DPF
- Landcruiser 70 series V8 with ALT-S fuse

IGNSENSE-12

The IGNSense™ uses a special sensor to detect any activity on the Earth wire connected directly to the battery. Coupled with battery voltage and current flow the Microprocessor in the IGNSense™ uses a proprietary algorithm to detect when the vehicle's engine is running.

PART NO.

DBAOC

DESCRIPTION

Alternator Output Compensator, increase alternator output by .4V - .5V

RRP INC GST

\$98.00

IGNSENSE

Ignition Sense Detector

\$185.00

BATTERY MONITORS

DBM4

DBM4 Battery Monitor / Protector

- Dimmable with headlights
- Can be switched OFF when not in use
- User selectable protection level of 10.5V or 11.8V
- Australian Designed and Built using quality SMT technology
- Industrial style connector simplifies installation
- Powder Coated Metal Case
- Installation kit included
- 3-years warranty

DBM5D

DBM5D Dual Digital Battery Monitor

- 3 digit display with bar graph
- Visual warnings for Low and Over voltage
- Compact design Both Main & Auxiliary available simultaneously. Can be used for single battery as well
- Automatic dimming Easy mounting

BATTERY MANAGEMENT

PART NO.	DESCRIPTION	RRP INC GST
DBE140SF	Electronic Micro-Processor Controlled 140Amp inc. Midi Fuse	\$185.00
DBDC1230S	Piranha DC-DC 30 Amp Battery Charger With Solar Input	\$385.00
DB3CK	Cable Kit - 3m cable, 2 terminals, 4 lugs, 4 heat shrink, 1 negative cable	\$60.00
DB4CK	Cable Kit - 4m cable, 2 terminals, 4 lugs, 4 heat shrink, 1 negative cable	\$70.00
DB6CK	Cable Kit - 6m cable, 2 terminals, 4 lugs, 4 heat shrink, 1 negative cable	\$90.00
BCDC1225D	Redarc Step up charger / isolator with solar connection 25 Amp	\$594.30
BCDC1240D	Redarc Step up charger / isolator with solar connection 40 Amp	\$671.00
BCDC1250D	Redarc Step up charger / isolator with solar connection 50 Amp	\$777.00

DBE140SF

Fully automatic operation with factory calibrated electronics
Efficient low power consumption and improved spike protection Suitable for charging systems to 140A LED display indicators, micro-processor control
Width x Height x Depth = 125mm x 74mm x 50mm

DBDC1230S

This small easy to install and easy to use DC Battery Charger is designed to automatically cycle charge auxiliary 12volt battery systems. Allows for up to 30Amp input from solar panel, and the inbuilt controller uses both PWM and MPPT functions for maximum efficiency.

WHY BUY A PIRANHA BATTERY TRAY?

07

1. THE LARGEST RANGE

The largest range of auxiliary battery tray for 4WD vehicles in the southern hemisphere

2. PURPOSE BUILT

Over 150 purpose built trays specifically designed to fit your vehicle.

3. PLATED NOT PAINTED

Electroplated not painted or powder coated plating gives the best protection bar none

4. FIT LARGEST CAPACITY AUX.

Engineered to hold the largest auxiliary battery that is safe to fit without compromising the structural integrity of your vehicle.

5. HIGH QUALITY NUTS & BOLTS

High quality hardware, high tensile grade 8 nuts & bolts, quality J bolts & custom built top mounts to suit most trays.

6. FULL INSTRUCTIONS / TECH. SUPPORT

Full installation instruction sheets supplied and technical support available.

7. MADE IN AUSTRALIA WITH AUSTRALIA WIDE DISTRIBUTION

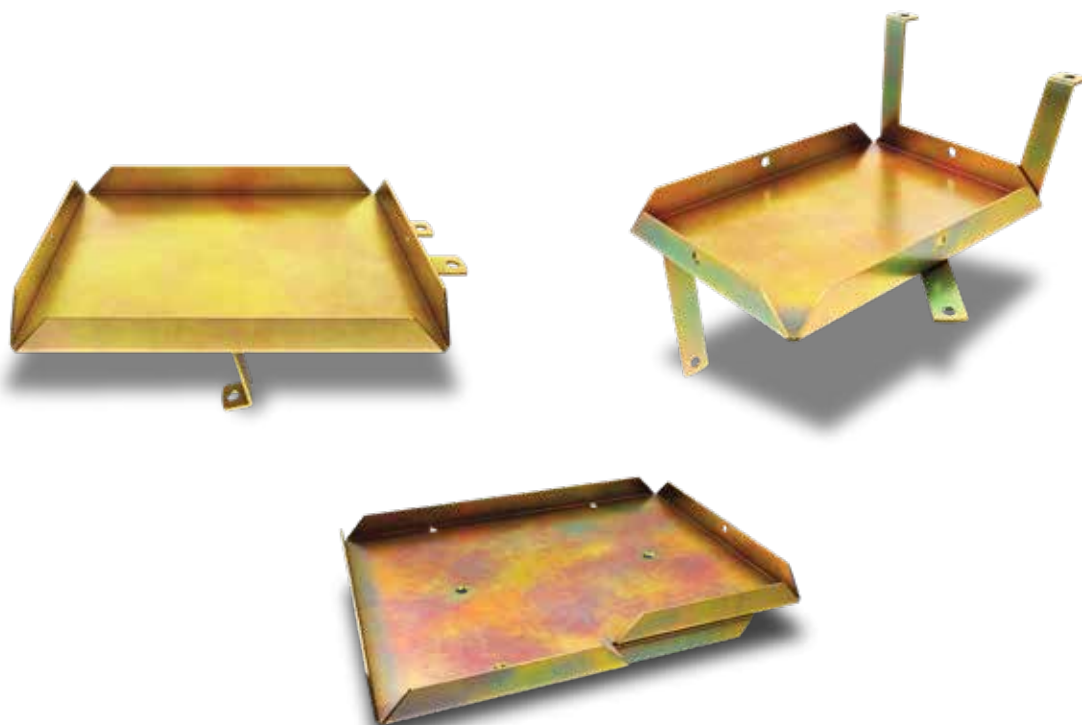

8. 2 YEAR UNLIMITED KM WARRANTY

2 year unlimited kilometre warranty - conditions apply

9. 30 YEARS MANUFACTURING EXPERIENCE

Over 30 years manufacturing experience by a 100% Australian company.

10. GREAT VALUE FOR MONEY!

WHY FIT A PIRANHA BATTERY TRAY?

● WHY FIT A PIRANHA BATTERY TRAY?

● SPECIFICALLY TAILORED

● HIGHER SIDES

● PRESSED BASES

● TOP MOUNTS

● HARDWARE

GIVES STRENGTH, IS RELATIVELY LIGHT, AND IS RESISTANT TO CORROSION

WILL FIT THE MAXIMUM SIZED BATTERY POSSIBLE, WITH MAXIMUM STRENGTH

GIVE THE TRAY GREATER STRENGTH AND MORE BATTERY SUPPORT

WHERE POSSIBLE, PRESSED BASES SUPPORT THE BATTERY BETTER

PROVIDE ESSENTIAL BRACING FOR LONG TERM RELIABILITY

ALL TRAYS COME WITH ALL THE REQUIRED HARDWARE

HAVE YOU CHECKED OUT

THE NEW PIRANHA OFF ROAD SUSPENSION RANGE?

SAFARI 4X4 SNORKELS

The Safari snorkel air ram is designed to perform two very important roles. The most obvious is to funnel cool clean air into the snorkel body - but just as importantly, the Safari air ram acts as a highly efficient water separator to remove rain water from the incoming air stream - thus ensuring safe engine operation through even the most torrential tropical storms.

SAFARI SNORKEL FEATURES

- Safari Automotive Australian designed, moulded and manufactured
- Raised air intake to prevent your engine from ingesting harmful elements
- Increased airflow for your engine
- Water separating air ram design to remove water from the air stream
- Durable and UV stable snorkel and air ram for added strength
- Comprehensive Snorkel fitting guide with an accurate template for assisting with installation.

Contact us for the most up to date listing for Safari Snorkels to suit your model

Breather Kits

PIRANHA BREATHER KIT

For diffs, gear box, transfer box (transmission). A standard diff breather allows for expansion, as the diff heats up, a one way valve allows hot air out of the diff. If the transmission cools quickly ie, a water crossing, the air inside contracts like it's "taking a breath" Air cannot get in via the standard breather so it now takes the line of least resistance - past the oil seals. This is OK but if they are under water the diff sucks in water. The oil seals are designed to keep oil in, not water out.

Piranha diff breathers allow for easy access for air in and out, they are a snorkel for your 4wd transmission.

PIRANHA OFF ROAD

Piranha Off Road Products is proudly a 100% Australian owned manufacturer and distributor of highly specialised products for the off road 4WD industry. All our staff take time to talk with you and advise on the best solution for your vehicle.

Our factory and showroom are located in Dorset Road Boronia, Victoria. Our product range is always increasing, and we pride ourselves on keeping up to date with the latest technology and innovations for the 4WD industry. Piranha has distributors located throughout Australia with their main aim - to provide you with the best and most reliable products for all your 4WD needs.

Piranha Off Road Products is a VACC award winning manufacturer of Dual Battery Management Systems for all types of vehicles. Piranha is a wholly-owned Australian company manufacturing and assembling a huge range of accessories for your 4WD. We offer personalised service and installation with a full range of spare parts and back-up, all onsite!

SUSPENSION SUPPLIES AUSTRALIA

Suspension Supplies Australia first began as a spring repair and manufacturing workshop, operating as Brisbane Springs over 25 years ago. Now owned and operated by McNaughtan's, the business services all local fleet and trade outlets, as well as retail clients at the head office at the Toombul Road workshop facility in Northgate, Brisbane, Australia. With distribution throughout Australia and additional warehouse locations in Perth & Melbourne you can be assured to get expert advice and a quality product in a timely manner.

MCNAUGHTANS

On the back of its 60 years in the Bus, Truck & Trailer hardware industry in South Africa and throughout the World, McNaughtans is proud of the opening of its branches all over Australia in 2003.

McNaughtans brings with it a rich experience in the Bus, Truck and Trailer Industry, exceptional people talent who are widely travelled and have years of experience in the this field, an abundance of international and local know how and the most important ingredient a desire to provide professional and quality service.

Customer satisfaction is the 'Modus Operandi' that McNaughtans bases all its foundations on.

AP LED

AP LED lights and accessories use nothing but the best when it comes to our extensive range of products. Our first choice of lens material is poly-carbonate because of its superior impact resistance offering the ultimate protection. From Ultra Slim Light Bars and Pre-Wired Trailer Leads to our sleek interior lights, AP LED covers your luminosity needs, inside and out.

STRUT AUSTRALIA

Struts Australia predominately sell into the industrial, automotive, marine & medical industries. Additionally, we carry a massive range of Truck, bus & trailer hardware allowing us to offer our customer's the largest range of products at very competitive prices. We offer a friendly professional service and can provide assistance in application design and solutions. Furthermore, due to our large range of stock holdings we have the ability and flexibility to respond to customer demands that are made possible by having branches and distribution outlets throughout Australia.
