

# TRED GT LEVELLING PACK

## Dual Axle Ready Design

Allows the ramp to fit between most tandem axles caravan wheels.

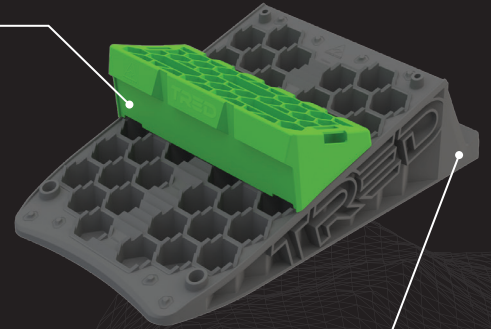

## Single Gradient Design

Finite adjustment to position the vehicle, trailer or caravan on the ramp perfectly.

## Easy Store Chocks and Anti-Sink Plates

Integrate into ramp with easy fitment and removal.

MADE WITH **POLYPROPYLENE**  
Automotive Grade Formulation

# TAKE YOUR ADVENTURES TO THE NEXT LEVEL

KEEP YOUR VEHICLE, TRAILER OR CARAVAN SECURE AND PERFECTLY STABLE IN ANY ENVIRONMENT.

## RANGE

Core Tough Pro

## COMPACT DESIGN

Engineered to nest all components together for easy grab-and-go convenience.

## UP TO 110MM OF LEVELLING LIFT

Levelling ramp can provide up to 110mm of lift. The exact amount of lift provided by the ramp's incline gradient will depend on tyre size.

## SUPERIOR STRENGTH

5,000kg-rated honeycomb design for superior strength.

## FEATURES

Serious adventure, terrain and campsites await you. It's never been easier to keep things level, thanks to superior strength and the clever design of the TRED Levelling Pack.

## DESIGN

- Australian Made
- Honeycomb design for superior strength
- Single piece levelling ramp design
- Single gradient for finite adjustment to perfectly position the vehicle, trailer, or caravan on the ramp
- Flat base design on the ramp for anti-sink performance
- Drainage holes
- Backstop built into wheel chock

## STORAGE

- All components nest together in one part for easy grab-and-go convenience
- Stackable anti-sink plates
- Mounting options for storage and security

## USAGE

- Less resistance, more height, and ease of use
- Will fit between most tandem axle caravan wheels
- Easy removal of wheel chocks (lateral push or pull) with a vehicle, trailer, or caravan on the ramp
- Multi-position chock with a ratchet in effect
- Easy retrieval with tether attachment point on chock
