

# Australia's original recycled camping mat

## Everyday Design - Black & Grey

Our Everyday design is our original and most popular design due to its versatility. Whether for your van, camper, home or picnic the Everyday adds a touch of elegance and sophistication. Being reversible, you get two colour choices in the one mat. Choose black with grey one day, grey with black the next, whatever suits your decor and mood simply turn it over.

Our innovative certified recycled plastic is waterproof, stain and mould resistant, plus it is quick drying - You can't beat a Mats By Design mat in wet and muddy conditions. Once it's time to leave, simply fold the mat back up to its compact size and return it to the premium included carry bag. To clean the mats they can be blower vac, broomed or simply hosed off.
