- Replacement Element Kits
- Hose and Hose Fittings
- Non-stop Valves
- Provent Units
- Drain Kits
- Drain Tap
- Clamps

WESTERN FILTERS

History

Western Filters was established in 1981 and has over 42 years of experience in providing quality filters, automotive parts & filter cleaning services to the public. We specialise in providing filters and cleaning services for SUVs, Four Wheel Drives, Utes, Cars, Trucks, Tractors and other machinery - cleaning DPFs, EGRs, manifolds and 'Dry-Type' air-filter elements.

Provent Experience

Western Filters has a long standing relationship with MANN+Hummel and in particular with the Provent 200 Oil Catch Cans - going back to the early 2000s. The Provent sets the industry benchmark when it comes to oil catch cans.

Over the last 12 years, Western Filters have been developing & refining a growing range of Provent 200 Catch Can Vehicle Specific Kits. Committed to delivering new kits for the latest models, all the while improving our existing range.
