STORAGE SOLUTIONS

AMVE 4X4 offers a wide range of storage system configurations to suit your needs. Whether you are after secure, dry storage or a spot in your setup for your furry friend, we have you covered. You can tailor your setup to suit your lifestyle - whether you're in need of a canopy that allows you to maintain some tray space or you need a safe storage option for your tools and belongings.

OPTIONAL EXTRAS

At AMVE 4X4 we can fit any aftermarket products. These include frontal protection, towbars, snorkels, GVM upgrades, suspension upgrades, driving lights, long range fuel tanks, UHF radios, electrical systems, solar panels, recovery gear, wheels and tyres, awnings, and rooftop tents to list a few.

Disclaimer: Actual product colour may vary from the images shown in this brochure. We endeavour to make sure the images are as close colour match, however small variations can and will occur.
