

# Tomorrow's Technology, Today™

## JUPITER B

4WD 12V 3000VA Canopy Power

**STAR-Light 10 Channel**  
Dimmable LED Dual Colour + RGBW

**240V AC 15A Power Input**  
Charges up to 1750W

**240V RCBO Protection MAX 9**  
Magnetic Highest Quality Off Road

**Victron 5In Touch Screen**  
Batteries, Solar, DC DC, Tanks, Temps

**STAR-Switch 8 Button Backlit**  
Waterproof Double Press Dual Colour

**Resettable Breaker Switches**  
Better than Fuse

**Double Flush GPO**  
Switch is 12V Master or Case LED

**Suite 12V USB Outlets**  
Double USB A, Type C, QC, Cig

**3000VA Inverter/Charger**  
Victron Multiplus II Auto-cutover

**50A DC DC Expandable to 150A**  
Power from any Alternator

**400W Solar Panel Ready**  
Victron Smart Solar MPPT

**Tank, Temp - 4 Channels Each**  
Alternator temp, Tanks

**100A Alternator - Amphenol Secure**  
Click and Connect

**250A Battery - Amphenol Secure**  
Click and Connect

**CAN - NMEA Secure**  
Optional Battery, STAR-Switch, STAR-Touch

**3 Anderson - Plug n Connect**  
20A Fridges, 50A Compressor, Solar In

**10 Push & Click - WAGO Secure**  
Digitally switched Devices

**NEW DARK Victron Display**  
AC Power in/out Solar DC DC Battery Tanks Temperature

**Compatible STARLINK**  
WiFi Connects for Remote Viewing

**Keypad Engravable**  
Add Second one Drivers Side

- Jupiter 304 Stainless steel case  
Laser Welded Original stainless Finish  
155W x 560L(add 40mm for connectors at the top) x 650H
- Front Facia Printed Wrap with labels  
choose from one of 6 designs.  
Custom Designs available at additional cost.
- 50A 12V DC DC **Victron NEW** Can add 1 or 2 more up to 150A  
Whether smart or otherwise, any size but 150A+ Ideal
- **Victron Multiplus-II 12V/3000VA Inverter Charger.**  
Has auto-cutover from external power to battery operation.  
Charges at 1,750W (120A at 12V equivalent) and  
can overload by 30% for 30 mins when Inverter.
- **Victron Cerbo-S GX** is Smart Hub directing CAN BMS  
from Lithium Batteries for optimal performance.
- **Victron Touch 50** Interactive Display
- Touch 50 Anodized panel mount for Touch 50 Display
- 2 x Max 9 magnetic controlled **RCBO** (highest quality)
- 240V **15A Power In Socket** Panel Mount
- **GPO 240V Double Outlet**
- Round **Outlet USB 2 x Type A 2.4A**
- Round **Outlet USB Type C and Quick Charge**
- Round **Outlet Cig type female**
- Smart **Battery Protect 12V 65A**
- **Resettable Breaker 20A** for STAR-light
- **Resettable Breaker 50A** for Compressor
- **Resettable Breaker 20A** for two Fridges
- **3 Anderson Plugs at 50A,20A,20A** for  
Compressor, fridges (2) and Solar Input
- **STAR-light** 10 Channel Digital Switching.  
4 Channels positive and 6 channels negatively switched.  
Power limit is 10A on Positive and 10A on Negative Channels.
- **STAR-switch** water proof 8 button switch.  
Each button can switch dual colour channels  
(one press white, second press amber - same button)  
So 8 buttons can manage 10 channels.
- 4 x Amphenol Connectors for 2 for Battery 2 for Alternator.  
Push and connect - no crimp necessary.
- 10 x Wago 4mm inline connectors for  
lights and pumps and fridge
- NMEA connector for Optional STAR-Switch or STAR-Touch
- **Detailed Installation Video and LED Wiring Diagram**

**SOLID STATE Lithium**  
**212Ah or 2712 Wh**  
**200A CAN BMS**  
**Victron Compatible**

#### SAFIERY SAFETY SPECIFICATION

- CAN BE CHARGED AT TWICE NORMAL VOLTAGE
- CAN BE SHORT CIRCUIT FOR EXTENDED 60 MINS
- CAN SUSTAIN HEAT TO 130C
- CAN BE CRUSHED TO 200KN
- CAN BE PENETRATED BY 8mm NAIL at 25mm/s

**10,000 Cycles**  
**5 Year Warranty**

#### Power of Wireless: Zero installation time, Infinite Possibilities.

**STAR-Switch**  
Long Range  
Bluetooth  
Battery  
Double Press  
Dual Colour

**Tank Level**  
**STAR-Tank**  
**Victron Bluetooth**  
Battery  
Radar Above Tank  
40mm H 60mm  
Plus temp sensor
