

FOR THE RIDE OF YOUR LIFE

For the ride
of your life™

SETTING THE STANDARD

For 95 years, Lovells has set the standard in suspension and towing upgrades, delivering unmatched performance, durability, and safety. Proudly designed, engineered, and proven in Australia, our premium solutions are built for any road—or off-road—challenge.

Our Newcastle-made coil springs uphold the highest standards of quality, while our shocks, multi-leaf springs, and ancillary components are precision-engineered and globally sourced to meet our exacting standards, ensuring superior performance in Australia's toughest conditions.

Suspension Upgrades

Engineered for strength, stability, and control—Lovells suspension upgrades give you the confidence to tackle any load or terrain.
