Composite sandwich panel made from European FRP sheets and the core is a closed cell rigid extruded polystyrene. These are custom made inhouse CNC routed to precision that increases the insulation propertiesd of the Van. Not only class leading U-Values for insulation properties but the closed cell eliminates leaks and water ingress and has excellent strength and a superb finish.		~	~	
All new - 100% recycled ArmaPET flooring from Armacell. From an empty bottle to a high-tech foam, KK now uses 100% recycled plastic as a unique highly durable, high energy efficiency and fully sustainable solution to the flooring in the Karavan. Engineered and tested for strength and durability this new product paves the way forward for a sustainable future.		~	~
