# NOTHING BEATS A NORWELD.

Norweld ute trays and canopies are built unlike any other available, and we do mean that literally.

Our commitment to quality, and passion for innovation drives us to continuously push the boundaries of work and adventure.

Custom aluminium extrusions, designed by us, specifically for our products form the frame of all Norweld trays and canopies.

Single sheets of aluminium form the roof, walls and floor of all our canopies and the deck of all our trays. This means no rivets and no seams.

You won't see our locks or taillights available anywhere else either. We've thought of everything, even down to the smallest details to make sure everything not only works, but looks the best too.

Everything stays in place, exactly where it should with independently engineered, 10mm thick alloy welded mounts.

Finally, when it comes to installation, our skilled technicians will manage the relocation of factory cameras, sensors and radars, ensuring a flawless fit and smooth integration.

Braced doors that won't twist or buckle

Single piece aluminium canopy roof

Two easy access side canopy doors with gutter system and rubber seal

Dual locking roller compression locks (exclusive to Norweld), central locking upgrade available

LOCAL SERVICE  
NATIONAL SUPPORT

LIFETIME WARRANTY  
ON WORKMANSHIP

AUSTRALIAN MADE & OWNED  
SINCE 1971

LOCAL SERVICE, NATIONAL  
SUPPORT

It's not just our products that make us unbeatable. With eight Norweld owned branches around Australia, and over twenty Authorised Fitment Agents, you'll find a fitment location close to you. If you ever find yourself in need of assistance you're never on your own.

LIFETIME WARRANTY ON ALL  
WORKMANSHIP

Norweld ute trays and canopies are designed and built to last a lifetime of use in some of the harshest conditions in Australia.

With precision laser cut and a fully welded aluminium construction, our ute trays and canopies deliver a strong lightweight build.

THE ORIGINAL HEAVY DUTY  
TRAY MOUNT

Drive with confidence through tough terrain with 10mm thick welded aluminium mounts.

Part of the Norweld difference for over a decade.

Sequential LED tail lights (exclusive to Norweld)

Under tray water tank with headboard mounted filler and mounted tap on the driver side

Extruded sideboards and tailgate with built-in stiffeners

Heavy-duty stainless steel catches

High tensile, 5mm thick one-piece aluminium plate floor

## TRAYS AND CANOPY BASES

Elite Tray (1950mm Width | 2126mm Length) |

# WIRING PACKAGES

No Norweld canopy package is complete without one of our canopy wiring packages. These kits are designed to cater for everything from everyday use to serious overlanding and long-distance travel.

Scan or visit the link below for more information on Norweld's range of wiring packages

[norweld.com.au/wiring-packages](http://norweld.com.au/wiring-packages)

## WEEKENDER WIRING

The Enerdrive Weekender Wiring Package includes a 100Ah lithium battery and a 40ah DC-to-DC charger.

This entry level wiring packaging is great for short trips away and will power your 12 volt fridge, lights, Travel Buddy Oven and central locking for your canopy.

## TOURER WIRING

The Enerdrive Tourer Wiring Package takes your canopy to a new level.

With a 1000W inverter this package can handle smaller current drawing tasks such as charging your power tools, drones and computers, as well as powering your 12 volt fridges, lights and accessories.

## EXTREME WIRING

The Enerdrive Extreme Wiring Package can power any off grid journey you can dream of.

With a 2000W inverter this package can handle larger current drawing appliances such as coffee machines and cooktops, as well as your 12 volt fridge, lights and charging your power tools, drones and computers.

THE POWER OF  
**REDARC**®

## ON-SITE SERIES

Built for our tradie range of canopies and gullwing toolboxes, the On-Site Series Wiring packages will handle any work day. With enough power to charge your tools and laptop, as well as keeping your drinks cold and your smoko hot.

## ULTIMATE WIRING

With a 2000W inverter, increased battery capacity and the Manager 30 BMS this package can handle larger current drawing appliances such as a coffee machines and cooktops, as well as your 12 volt fridge, lights and charging your tools.

## PLATINUM WIRING

The Platinum Wiring Package is Norweld's flagship wiring solution. Redarc's TVMS allows you to control, monitor and set up automation for your canopy. This package can handle larger current drawing appliances such as a coffee machines and cooktops, as well as your 12 volt fridge, lights and charging your power tools, drones and computers.

# FORD RANGER EXPERTS

With thousands of customers across the country and multiple vehicles in our own fleet of demo builds, we've had plenty of experience transforming Ford Rangers into the ultimate vehicle for work and play. Whether you're looking to build a tourer, a work station, or an entire fleet, nothing beats a Norweld.
