

GEOLANDAR X-AT G016

EXTREME ALL TERRAIN

The Geolandar X-AT G016 is designed for extreme traction wherever you go, with the strength of a Mud Terrain tyre in an All Terrain pattern.

Available in PC construction for improved handling and LT construction for high loads and towing. It's suitable for 4WDs and Utes requiring durability, long tread life, off road & wet surface traction, on road handling, low noise and a comfortable ride.

Suited for drivers who use their vehicle 70% off road and 30% on road.

TECHNICAL FEATURES

BENEFITS

Wide Lug Grooves

Aggressive Tread

Alternate Sidewall Designs

Triple Polymer Compound

2 in 1 Aggressive Tread

Alternate Sidewall Design

Wide Lug Grooves

Wide Flat Profile

Road Hazard Protection

Provides longer mileage, anti-cut & chipping, extreme handling and off road traction.

New aggressive 2 in 1 block pattern provides extreme off-road traction and superior performance.

Two different sidewall designs to choose from, Protector & Lug.

Creates biting edges for improved off road traction and increases void area to help expel dirt and mud.

Distributes stress evenly across the entire tread resulting in longer wear and mileage.

Free puncture repair or tyre replacement (conditions apply).
