FREESTANDING AWNINGS

OUR PRO AWNINGS

The Bushwakka Pro Range awnings are built tougher, styled smarter and are engineered for unmatched strength and reliability. Our product features a proven double strength design with an integrated Endo frame - setting us apart in the market. Delivering freestanding performance: it's tried, tested and backed by a long-lasting and trusted brand.

OUR STANDOUT INCLUSIONS ACROSS OUR ENTIRE PRO RANGE INCLUDE:

- 100% freestanding
- Awning Fabric rating Ultraviolet Effectiveness UVE95+% and sun protection certification
- 320 gsm HexaTough black canvas
- Waterproof UV50+ canvas
- Black aluminum backing plate with internal ENDO frame for maximum strength
- Reinforced arm guards on each awning arm
- Engineered hinge design
- Advanced hinge shield covers the hinge point (On Darkness and Darkness XL Squared)
- Built-in Spigot twistlock legs
- Integrated fittings allow for additional legs
- Rain tabs with tie-down points & guy ropes
- Integrated sail track for mounting awning accessories with ease
- Velcro valance compatibility with awning walls, full wall kits or sleepout tent
- Insect deterring red light function
- Built-in dimmable multi colour LED lights with 12V plug-and- play cable
- Wireless remote control for ease of mode adjusting
- 2 standard L-brackets
- 304 stainless steel mounting hardware
- Quick release tensioners and full accessory kit
- Heavy duty PVC awning bag

Integrated RGB LED arms come pre-installed and ready to impress. With pulsing, strobing and sound-activated rhythm modes that sync to your music, you can create the perfect party atmosphere wherever you are. Prefer a calmer vibe? Switch to a single-colour glow, including a red light mode that deters bugs while preserving your tranquility.

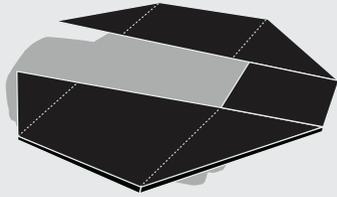

MOUNTING DISTANCE REQUIREMENTS:

Installations with a span under 1200 mm are not recommended, with the XL Squared range requiring a minimum mounting distance of 1600 mm.

INSTALLATION SERVICE

At Bushwakka HQ on the Gold Coast, we offer an installation service. Installation availability* can be arranged by our sales team on **(07) 5515 7912**

SINGLE & DOUBLE ENSUITE SHOWER

We've enhanced the strength of our truss design, providing a notable increase in durability built to withstand harsh conditions. Height adjustable straps. If you have a higher vehicle, you can still use the shower without the floor. The Double ensuite offers separate wet and dry zones with inter-connecting areas.

- Gas strut assisted arms for semi automatic opening
- Built-in LED light strip with two colour modes
- Removable PVC floor with drain (floor can be unzipped)
- Velcro-secured removable roof for ventilation
- Drop without floor is 1885 mm.
- Drop including floor is 1995 mm

\$349.00 SINGLE

\$499.00 DOUBLE
