A black and white photograph showing the rear of a truck with a large awning extended. Two women are sitting at a table under the awning, talking. The truck's tailgate is open, and various items are visible inside the bed. The background shows a sandy area and some greenery.

# UNIVERSAL WALLS

The Universal Walls are designed to offer shade and privacy in all the right places. In either a one way mesh or a solid canvas, these 2.3m walls can be attached anywhere on your awning to offer you more living space.

A close-up photograph of a large, olive-green canvas wall kit attached to an awning. The wall has a dark grey mesh panel in the center and a door on the left side. The awning is set up outdoors with trees in the background.

# WALL KITS

Our wall kits are designed to take you from outdoors to indoors, anywhere. Our wall kits are designed complete with doors & windows so you can set up camp for longer.

**Options for all awnings.**
