

PRODUCT RELEASE

GEN 2 BULL BAR

DESIGNED TO ENDURE. BUILT TO IMPRESS.

Purpose-built for drivers who demand more, the Gen 2 Bull Bar delivers the perfect balance of strength, style, and functionality.

Engineered for off-road protection but crafted with attention to detail, it supports all your essentials – recovery points, aerials, lighting and more – wrapped in a durable, modern finish. Every element is designed to perform when it counts, whether you're deep in the bush or cruising the highway.

Classic Black - Fog Light not included

Classic Black Deluxe - Fog Light included

CONSTRUCTION

RETENTION OF ORIGINAL FUNCTIONS

Full retention of original vehicle functions and safety features including SRS air bags, parking sensors, front camera and adaptive cruise control.

UNRIVALED PROTECTION

Durable 3mm steel construction for maximum protection, paired with 57mm OD hoops for added strength. Engineered with an airbag-compatible mounting system, secured directly to the chassis using high-tensile bolts.

AERIAL COMPATIBILITY

Two aerial brackets located on the outer hoops.

FOG LIGHTS

Sleek, integrated fog lights come standard in the Classic Black Deluxe Bull Bar, offering enhanced visibility and a clean, modern finish to match its rugged design.
