NEARLY 50 YEARS OF ADVENTURE

Founded in 1977 as the Range Rover Club of Victoria, the club has evolved into a broader community of touring and adventure enthusiasts while continuing to honour its strong heritage.

All makes, all models, all experience levels

Whether you've never left the bitumen or you're planning your next big trip, you'll find experienced members happy to share what they know and help you build confidence off-road.

GREAT CLUB TRIPS

A trip for every skill level

Day trips within easy reach of Melbourne. Weekenders in the High Country and along the coast. And the big ones — Cape York, the Simpson, the Kimberley, the Red Centre.

Club trips are run by members, for members, and are included in your membership — no tagalong fees.

BUILD YOUR SKILLS

Training and support

Training includes core 4WD driving, sand driving, advanced recovery, first aid, chainsaw operation and trip leading — most of it free to members.

Beyond the courses, there's always someone on the radio or walking beside your vehicle to talk you through a tricky descent.

Novice off-roaders, families with kids, and seasoned tourers all travel together.
