

## RECOVERY GEAR

### Soft Shackles

The Soft Shackle is an Alternative Solution to the traditional Rated Bow or D Shackle

- The **Lightweight Construction** using UHMPE Synthetic Rope means it is **Super Strong, without adding Weight** to your Recovery Kit
- Minimal Moisture Absorption, meaning it is **Waterproof, quick to Dry**, and it will **Float** if it gets Lost in the Water

### High Lift Jack

One of the most Practical Recovery Accessories you can own is a Mean Mother 48" High Lift Jack

- It can be used in Situations where it is necessary to Lift, **Winch, Clamp, Pull** and **Push**

### Exhaust Jack

Can be inflated by using your Vehicle's Exhaust, or with an Air Compressor

- Double Layer reinforced lifting Surface that provides **Stability** and **Control when Lifting**
- Heavy Duty, High Tenacity Nylon, coated with Plasticised PVC for **Maximum Strength** and **Resistance to Tearing**
- Triangular Feet for **Superior Grip** in **Sandy** or **Muddy Conditions**

### Recovery Kits

Having a Fully Stocked and Properly Maintained Recovery Kit is an Essential Accessory for any 4x4 Enthusiast

- Each Recovery Kit has been carefully tailored to include the **Correct Equipment for most Recovery Situations**
- Kits for the **4x4 Novice** right through to the **4x4er with Years of Experience**

### Recovery Hitch Shackles

The Multi-directional Hitch Receiver provides an ideal Connection Point for most general Winch or Strap Recoveries

- Made from **High Strength Steel** it is the only safe Way to attach a Recovery Device to a Vehicles Towing System
- Hitch comes complete with a 4.7T Coated Bow Shackle

### Shovels

Explore our versatile Range of Shovels, featuring the Compact Folding Shovel and the 5-in-1 Multi Shovel, designed for Ultimate Comfort and Control in any Situation

- **Recover** your stuck Mates
- **Stoke** the Fire
- **Dig** a Hole
