State Coverage

UTE Chivalry is one of the largest direct-to-customer sellers of UTE Accessories, and has been in the business for a long time with thousands of trusting customers across the whole Australia.

We sell everything that makes your be-loved Ute truck more usable and look stunning, including Aluminium Canopies, Toolboxes, Trays, On-Tub Canopies, Covers & Racks, and Camping Accessories such as 12v Electrics and Roof-top Tents & Awnings.

UTE Chivalry has large warehouses open to customers in Sydney, Melbourne and Perth.

Don't hesitate to pay us a quick visit to one of our warehouses or simply call **1300 001 686**, Monday to Saturday.

# OUR SERVICES

## Provide You With The Best Products & Services

- We only supply what we believe the best quality and bang for your buck, we strive to provide you with not just good products but also beyond standard warranty and services.
- We are focused and specialised in aluminium products / UTE accessories only.
- We believe in word of mouth and treat each customer like our first & last.

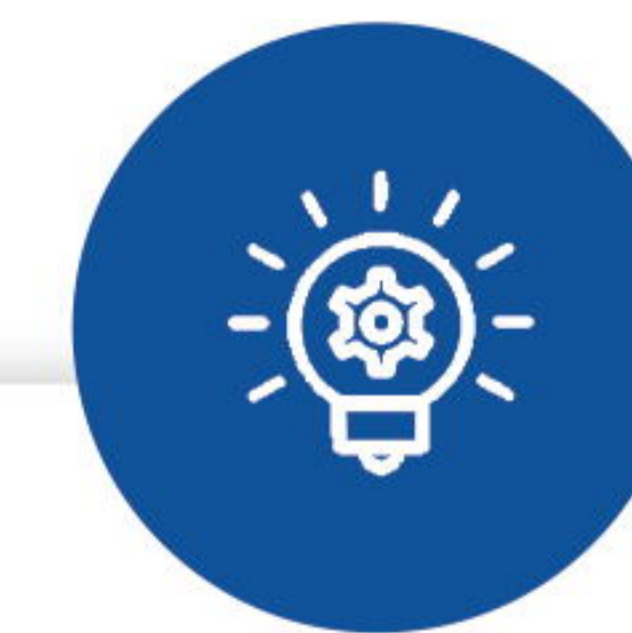

### Custom Builds

If you have special requirements and need to tailor-made product to meet them, you've come to the right place. Draw up the specifics and talk to us.

### Quality Assurance

All products coming out of our product line go through a tough and accountable QA process. Any defect, which is rare, please do not hesitate to contact us.

### R&D Capability

Contrary to many cheap product sellers out there, we design our own products and manufacture them in our own factories. So your are assured to get best deal from us.

# CANOPY – SERIES X1

## Simply Works

- Series X1 UTE Canopy is our best-value, best-selling Aluminium canopy range.
- We use best alloy (type 5052, 2.5mm or 3mm thick flat plate or checker plate), maintaining top-level welding quality yet removing most of the features you don't normally need to keep the prices low.
- All of our aluminium canopies come standard with industry leading whale tail compression locks, fully braced internals with neat recessed doors completes the superior standard Chivalry has set for aluminium canopies.

# CANOPY – SERIES X3

## Endless Options

- Series X3 UTE Canopy is your versatile choice with tons of possibilities.
- We use best alloy (type 5052, minimum 3mm thick, up to 5mm, flat plate) and devote top-tier precision and craftsmanship.
- It comes with Modular Design via the 100% uni-strut alloy load-bearing skeleton bracing system. So it's a true flexible product so you can easily multi-purpose it: work? camping? unlimited extensibility.
- Lots of our customers start from shell and gradually build it up, all your choice!

# COMBOS

## Save from Tray & Canopy Combo Deals

When it comes to Tray & Canopy Combos, you can mix and match our Tray (T1/T3) with Canopies (X1/X3), as long as the measurements, esp. Width, are good match, and save from Combo Deals instantly.

# SERVICE BODY

## One Piece Construt

At UTE Chivalry, our commitment to value drives every product we offer, and our Service Body line exemplifies this ethos. Designed as a seamless, one-piece canopy that elegantly sits atop your UTE's chassis, this option provides a streamlined, efficient solution. Unlike our Combo offerings, the Service Body doesn't offer the flexibility of removing the top canopy to convert to a tray setup, but its one-piece design uses less material, making it a more cost-effective choice for many. While perfect for a variety of uses, we advise against choosing this model for intense off-roading or camping adventures, as it's tailored more towards everyday utility and efficiency.

# TRAYS

## Strong and Durable

### We offer you 2 Tray Series:

- T1 trays are our best-value, best-selling Aluminium trays, made of strong & lightweight aluminium extrusions, and comes INCLUDED Under-tray Toolboxes (2mm plates) and Multi-piece Mudguards. It has Tray Deck and Full Tray variants. And you may also opt for a trundle drawer that goes under tray deck, highly recommended.
- T3 trays are 4WD, heavy-duty, fully welded and made of 8mm Aluminium C Channel Main Frames & 4mm 40x40mm SHS Skeleton, and comes INCLUDED Under tray Toolboxes (3mm flat plates) and One-piece 3mm Mudguards. On top of tray deck, you may also opt for drop-down sides, headboard and large trundle drawer to make it a complete tray.
- When it comes to Tray & Canopy Combos, you can mix and match our Tray (T1/T3) with Canopies (X1/X3), as long as the measurements, esp. the Width, are good match.

# TOOLBOXES

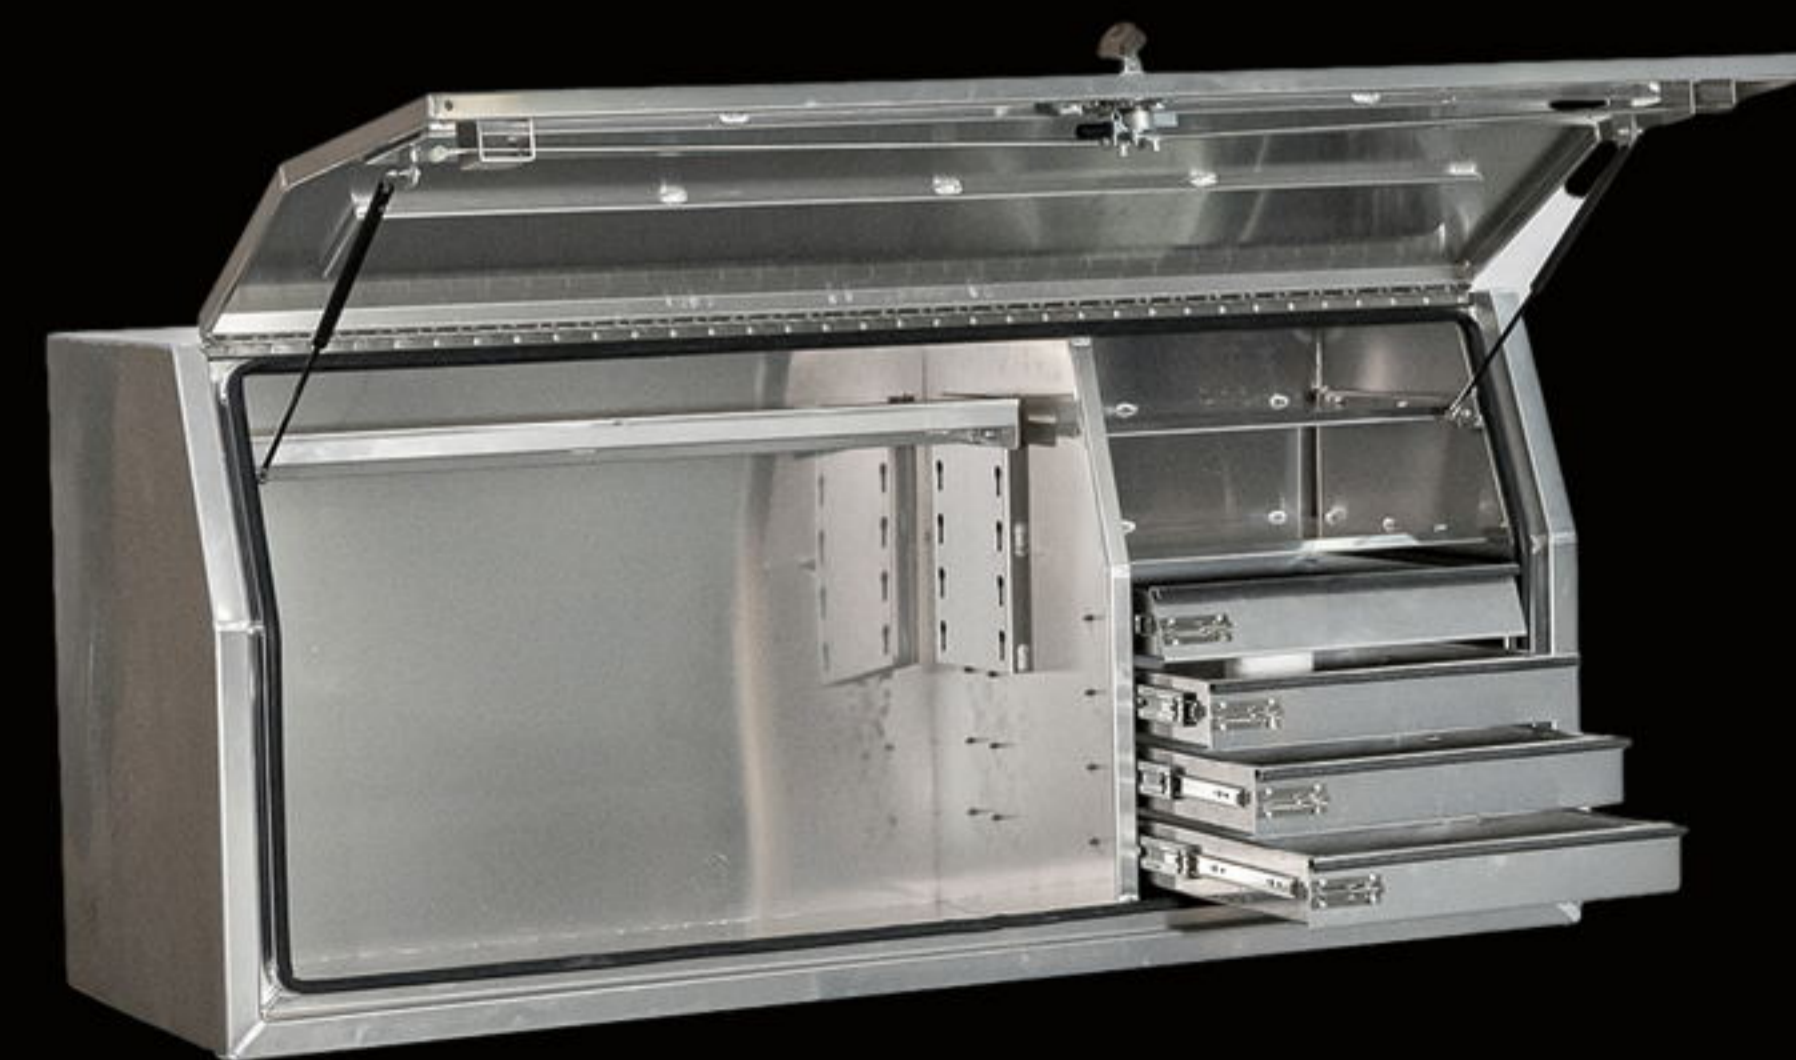

## Store Smart

UTE Chivalry's Aluminium Toolboxes are available in 6 sizes and in both flat and checker plate. We have a toolbox to compliment the needs of all trades as well as camping and 4WD enthusiasts.

If you're after a lightweight, reliable and affordable aluminium toolbox then shop with confidence at UTE Chivalry, our 24 month warranty and nationwide freight rates mean getting your next toolbox has never been easier or more affordable

# ACCESSORIES

## Extras That Excel

Our mission extends beyond just manufacturing top-quality trays and canopies. Recognizing the diverse needs of our customers, we're proud to offer a carefully selected range of essential parts and innovative accessories. These additions are not just common components; they are thoughtfully designed to enhance and complete your setup. Each item in our UTE Accessories line is chosen to bring added functionality and convenience, ensuring that every aspect of your UTE add-on system is seamless, efficient, and tailored to your specific requirements.
