Toluene-Free Printing Ink

BISZON
FLEXIPACK

Our Journey.

A subsidiary of Percetakan Tenaga Group
- since 1987.

2014

2025

Overview

BISZON
FLEXIPACK

Establishment of Percetakan Tenaga (PT)
Percetakan Tenaga (PT) was founded, marking the beginning of its journey in the printing and packaging industry.

>1987

Second Factory & Entry into Security Printing
PT expanded with a second manufacturing plant, introducing security printing solutions for the telecommunications industry.

>2004

>1997

Expansion into a Full-Scale Factory
PT expanded its operations by establishing a fully equipped factory plant, enhancing its system flow and state-of-the-art facilities to better serve its growing customer base across the personal care, home care, food, and general industries.

>2007

Third Factory & Entry into Electronic Packaging
PT established its third manufacturing facility to supply packaging solutions for the electronics sector.

Establishment of Biszon Flexipack
Biszon Flexipack was founded as a specialized manufacturer of flexible packaging, serving the food, personal care, home care, and cosmetics industries.

>2014

Expansion into the Philippines
PT set up a new manufacturing division in the Philippines to strengthen its regional presence and support growing market demand.

>2024

>2013

Operational Consolidation
To improve efficiency and streamline operations, PT consolidated all its manufacturing activities into a single modern plant.

>2021

Introduction of Biodegradable Pulp Packaging
PT expanded its product portfolio by launching biodegradable pulp packaging, an eco-friendly alternative designed to reduce environmental impact while maintaining high packaging quality and performance.

>2025

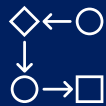

Biszon Flexipack Expands Capacity with a New State-of-the-Art Facility
To cater to the rising customer demand, Biszon Flexipack tripled its production capacity with the establishment of a new state-of-the-art manufacturing facility spanning 126,440.78 sqm plant on 5 acres of land. This expansion enhances efficiency, supports innovation, and reinforces Biszon's commitment to providing high-quality, sustainable flexible packaging solutions for the food, personal care, home care, and cosmetics industries

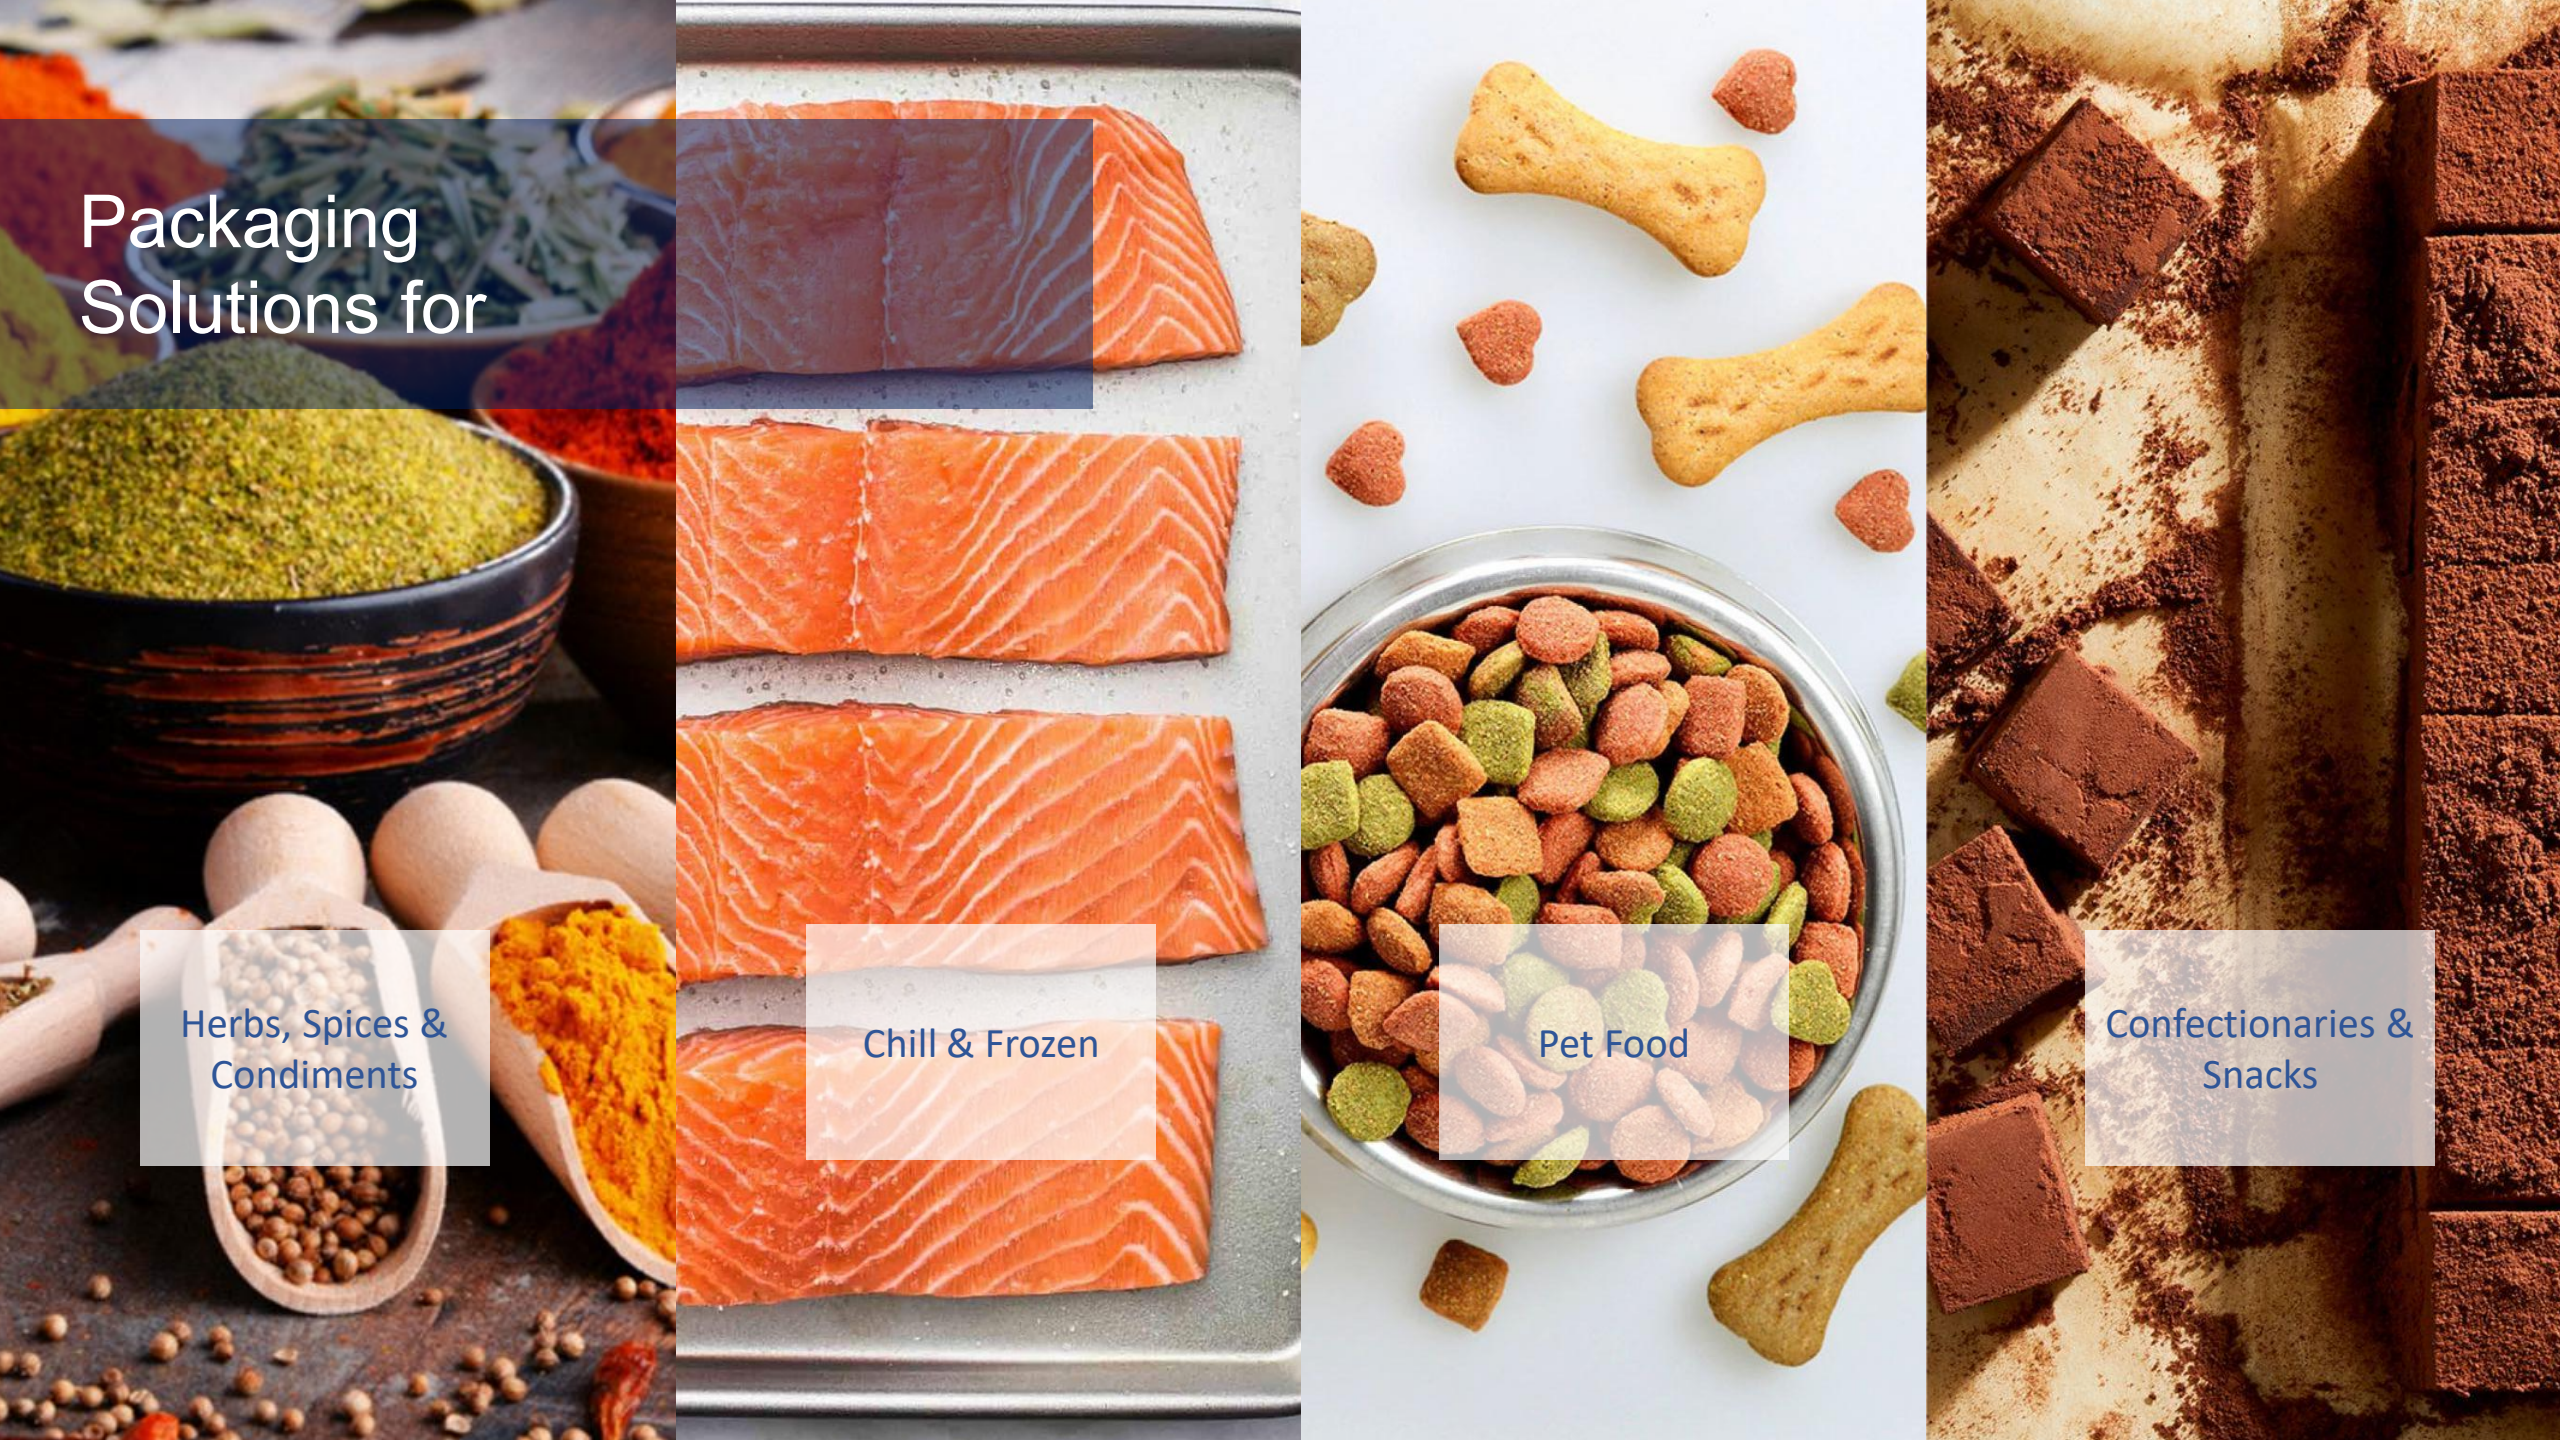

Biszon Flexipack New Plant

Our New Plant in 2025

We are thrilled to share some exciting news with you. At Biszon, we're always pushing the envelope, and our new factory plant is no exception. We've designed it with expanded capacity and cutting-edge features that truly embody our commitment to innovation, safety, and sustainability. This isn't just another factory—it's a bold leap forward in how we do business, ensuring we continue to deliver nothing but the best..
