

# OUR BAGS DISSOLVE IN WATER

MADE FOR...

Laundries

Electronics

Hospitals

Retailers

## WHAT IS ADVENT HYDROBAG?

Advent Hydrobag is Adventpac's line of **water-soluble bags** that dissolve in warm or hot water.

## WHY CHOOSE ADVENT HYDROBAG?

Our water-soluble bags have a **zero waste, end-of-life solution**. They dissolve without a trace, unlike regular plastics.

## SCAN FOR DEMO VIDEO

Watch our bag dissolve in just seconds>>>

### DISSOLVES IN SECONDS

Our bags dissolve within seconds of being in contact with warm (40°C) or hot (70°C) water. Watch it disappear in front of your eyes!

### LEAVES ZERO RESIDUE

Advent Hydrobag is washing machine safe! They dissolve without leaving any residue; making it ideal for laundry bags.

### MARINE SAFE & NON-TOXIC

Our bags are made from a non-toxic blend of polyvinyl alcohol that is FDA-approved. This means they won't be harmful to marine-life when dissolved!

### 3X STRONGER THAN LDPE

Advent Hydrobag is up to 3 times stronger than LDPE at any given gauge. This makes our bags ideal for carrying heavy loads of laundry, or shopping!

# BENEFITS OF USING ADVENT HYDROBAG

## SAFER LAUNDRY PRACTICES

Benefits:

- ✓ no un-bagging required
- ✓ high weight capacity
- ✓ printable, with coloured options available, for easy identification

**Mitigate risk** and exposure to contaminants with our laundry bags. Used by UK's NHS, our bags help to **minimise exposure** to soiled linen or contents during handling and transport.

## BETTER RETAIL PACKAGING

Special Properties:

- ✓ moisture absorbent
- ✓ naturally anti-static
- ✓ easily disposable in the home

Our **hydrophillic** and naturally **anti-static** bags are suitable for retail packaging including electronics which need specialised bags. Best of all, they are **easily disposed** of in homes.

## SINGLE-USE, WITHOUT WASTE

Special Properties:

- ✓ soft and flexible
- ✓ high clarity
- ✓ ease of use

Get the benefits of single-use plastics without the waste by choosing Advent Hydrobag. It's **soft, flexible, easy to use** and possesses the clarity of LDPE. With optional printing and colour options, they can be customised to your needs.

# THE LIFE OF ADVENT HYDROBAG

## MADE FROM PVOH

Our water-soluble bags are made from a patented blend of polyvinyl alcohol.

## MADE INTO BAGS

Our water-soluble bags are made the same way as plastic bags; through blown-extrusion.

## BAG THAT LAUNDRY

Fill our heavy duty water-soluble bags with contaminated/soiled linen, safely!

## INTO THE WASHER IT GOES

There's no need to unbag contaminated linen into the machine; just throw it all in!

## WASH IT DISAPPEAR!

Start your warm or hot water wash cycle and watch the bags dissolve before your eyes!

## FAQs

Are the bags really non-toxic?

*Yes! The bags are made with polyvinyl alcohol which is used in food and medicine.*

How should I dispose of these bags?

*Place the bags in warm or hot water and give it a good mix to watch it dissolve completely before your eyes!*

Are the bags food safe?

*Yes, the bags are food safe but we have done limited testing to assess its suitability for food packaging.*

Can the bags be reused?

*Yes! We always recommend reusing bags before disposing of them to give them a long and useful life.*
