

# Your Partner in Packaging and Processing

## OUR PHILOSOPHY

Established in 1983, Nupac is an Australian owned company, and the leading supplier of packaging and processing solutions throughout Australia and New Zealand.

With a proven ability to provide solutions for each packaging and processing requirement, our objective is to assist manufacturers in finding the right solutions for their needs.

The Nupac team is committed to helping our customers achieve the best outcomes, while continuing to set a standard of excellence for our high level of service.

## OUR MISSION

To be recognised in the packaging industry by our customers as a major partner for:

- Supplying the highest quality, innovative European packaging and processing equipment
- Providing a high level of sales and after sales service by well trained employees
- Demonstrating technical competency in the market and providing integrated packaging and processing solutions

## OUR COMMITMENT

- We stand by our word
- We find solutions
- We will not walk away from unfinished work
- We openly address issues
- We aspire to become long-term partners with our customers
- We like to work at Nupac and we are proud of what we do

### AZO, Germany

Material and powder handling equipment. Fully automatic ingredient feed systems. Bulk bag loading and unloading systems.
