

COURIER BAGS\POLY MAILERS

Poly Mailers

Strong polyethylene mailers protect products from moisture during shipping.

Mailers feature a self-seal closure and are tear resistant. Ideal for apparel and soft products. Available in a range of sizes and colors.

Perforated Poly Mailers

Perforated tear-strip for easy opening.

High strength seams will keep contents intact even if over packed. The outer surface of the mailer is white and the inner lining is black or grey.

Returnable Poly Mailers

Mailers have two adhesive trips—one for the original shipment and the second creates a brand new closure for the return.

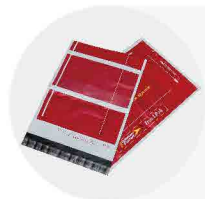

Ideal for online and mail orders retailers.

Poly Mailers with recycled contents

This sustainable poly mailer is reusable, tough and can be recycled.

Ideal shipping bags for e-commerce.

Poly Mailers with pocket

Designed for holding the documents in the delivery.

High strength seams make sure of the safety for contents inside the pocket.

Widely used in the courier and express industry.

Expansion Poly Mailers with Bottom Gusset

Tamper evident, permanent self-seal closure.

Water resistant material keeps your items protected.

Perfect for bulky items and irregular shaped items.
