

LEAN MANUFACTURING

Do you spend your day fighting fires rather than working on the business to grow sales and profits?

At TXM we can help you grow your business and increase your profits through our unique approach to Lean Manufacturing?

Massive gains to your bottom line and improve your customer service.

In manufacturing the challenge is always to do more with less.

Increase throughput and eliminate waste in your processes, deliver exceptional value for your customers and get the best out of all your people, equipment and facilities.

Working with hundreds of manufacturing companies across the globe we have been able to:

Slash lead time by up to 80%

Reduce inventory by 50%

Boost productivity by 30%

Achieve floor Space and production capacity gains of more than 30%

Reducing errors and defects by more than 50%.

Reducing day to day firefighting and freeing up leaders to focus growing the business.
