FULL MOON GATHERING

There is a saying in Chinese - "When moon becomes full, it's the time family gets reunion."
The Full Moon Gathering gift box is designed with the concept of family reunion. When two boxes are put together, the image of full moon would show up. Inside the main box, there are six individual small boxes.
Each of them represents a stage in phase of Moon. The Full Moon Gathering gift box uses soy ink for printing, without much finishing on product.
It not only creates outstanding colors but also very environmental friendly.
"More Protecting & Less Processing" is our aim to show the care to our environment.
