Our Industry Expertise

Expertise In Focus

Transport and Logistics - Austbrokers AEI began its operations specialising in the Heavy Transport and Logistics sector over 30 years ago. During this time, we have developed a “branding” synonymous with the industry. We have also developed a variety of specialist insurance products and services, ranging for both single truck owners as well as major fleet operations. AEI Transport has also been successful in the appointment to several industry associations to assist members with their transport specific Insurance needs.

Construction - The construction industry is showing continued growth and we work in close partnership with a number of key developers and contractors to ensure their investments and operations are adequately protected and that risks are managed and mitigated.

Professional Services - The range of Professional Services we assist is wide and varied, and includes Project Managers, Accountants, Consultants, IT Firms and Insolvency Practitioners. Our principals draw on their extensive industry knowledge and professional partnerships to ensure that professionals have the peace of mind they need to focus on running their businesses.

Retail - The Retail sector has many different operators, but a base of similar risk issues around which we have extensive expertise. From a small corner café to a large franchise group, we understand the key areas you need to cover, dealing with the Liability exposures you face to the protection of property and personnel.

Manufacturing and Engineering - We partner with many manufacturers and engineering firms and are well experienced in identifying the unique risks faced by these industries and can ensure that your insurance program is appropriately structured to cater for these exposures.
