# Custom Folding Cartons

## Your partner for premium custom designed packaging

Our custom design solutions vary from beverage carry-packs to retail shelf-ready packaging, premium gift boxes and bespoke printed cartons.

We have a range of solid board options to choose from depending on your application or requirement, from 300um to 700um carton board.

## Bringing your brand to life

We deliver folding cartons to the highest standards, precisely aligned with our customer's needs. You can provide your own artwork or utilise our in-house solutions design studio, Sand Box. With a dedicated team of expert Designers and Graphic Artists we will work with you right through the process, delivering a seamless design experience.

## Retail cartons made easy

We work with everything from basic folded carton packaging to more complex specifications requiring high-quality print surfaces and superior machine performance. Our factories suit short, medium and long production runs, and we are set up for speedy turnaround without compromising quality.

Our capabilities include up to 6 colour printing, die-cutting, gluing.
