

Smarter Imaging For Better Lives

Perth (08) 9242 5411
Melbourne (03) 9384 1775
Sydney (02) 9905 5551

We are...

- Australia and New Zealand's largest imaging technology provider with experts in Sydney, Melbourne & Perth

We aim to...

- Bring smarter vision to users and developers of imaging technology
- Value-add to your projects by providing expertise, technical support and quality components

We succeed because...

- We take pride in fostering productive relationships with both you and our suppliers
- Our focus and commitment are on customising the BEST and most AFFORDABLE solution for YOUR needs
- We know how to mitigate the risks associated with project implementation

You benefit because...

- We are passionate about what we do
- We are a highly-experienced team of specialists that partner with you to deliver cutting-edge solution for machine vision tasks
- We offer technical advice to help you select appropriate off-the-shelf products for your personalised solution
- We work with you from project inception and product choice through to implementation

and beyond...
