

MATERIAL CIRCULARITY

Packs are made up from 70% post-consumer recycled material and are curbside recyclable at end of life. FSC Certified paperboard used for all non-PCR paperboard

NON ROUND SHAPES

Non-round shapes enable increased shelf facing, greater freight efficiency and an ergonomic shape allowing easy handling by the consumer

PRINT ALL EXTERIOR

Exceptional print capabilities ensure your brand stands out on shelf with print across the entire pack and embellishments such as spot varnish, foils and textured finishes.

STANDARD ZIPFORM RIGID COMPOSITE PACK
