PRODUCT RANGE

S-5000X BX-2HEAD

Modified Atmosphere HFFS Machine

S-3000X Series

The S-3000X Series is our compact range, for effective use of space and is equipped with 6-axis servo control for stable packaging performance.

Model	S-3000X	
Speed (PPM)	Max 100	
Product Size	Width:	150mm
	Height:	60mm
Cut-off Length:	100-300mm	
Film Width:	Max 420mm	

EP-7000 Series

The EP-7000 Series is built for agility for medium-size production lines but incorporates all the latest technology for optimal performance.

		Rotary End Seal	Box Motion End Seal
Model		EP-7000	EP-7000 BX
Speed (PPM)		Max 300	Max 120
Product Size	Width:	200mm	200mm
	Height:	60mm	80mm
Cut-off Length:		60-600mm	
Film Width:		Max 450mm	

EP-7600 Series

This Inverted range eliminates the need for trays and allows for packaging of multiple loose products, produce or stick shaped product with the latest technology.

		Rotary End Seal	Box Motion End Seal
Model		EP-7600	EP-7600 BX
Speed (PPM)		Max 120	
Product Size	Width:	200mm	200mm
	Height:	60mm	80mm
Cut-off Length:		60-600mm	
Film Width:		Max 450mm	

S-5000X BX-2Head

This machine is ideal for hermetic sealing and uses modified atmosphere (MAP) technology. It includes a long-dwell center sealer and double end sealers, eliminating extreme seal temperatures while offering exceptional film versatility.

		Box Motion End Seal
Model		S-5000X BX-2Head
Speed (PPM)		Max 150
Product Size	Width:	150mm
	Height:	45mm
Cut-off Length:		Max 400mm
Film Width:		Max 450mm

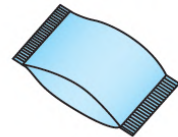

perfect automation

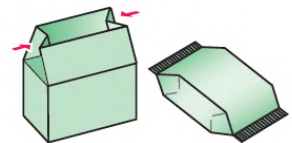

S-5000X Series

The S-5000X Series is our most highly versatile Flow Wrapper, through design and technology this range can achieve many variations of pack styles and offers outstanding quality through accurate film control and minimised vibration.

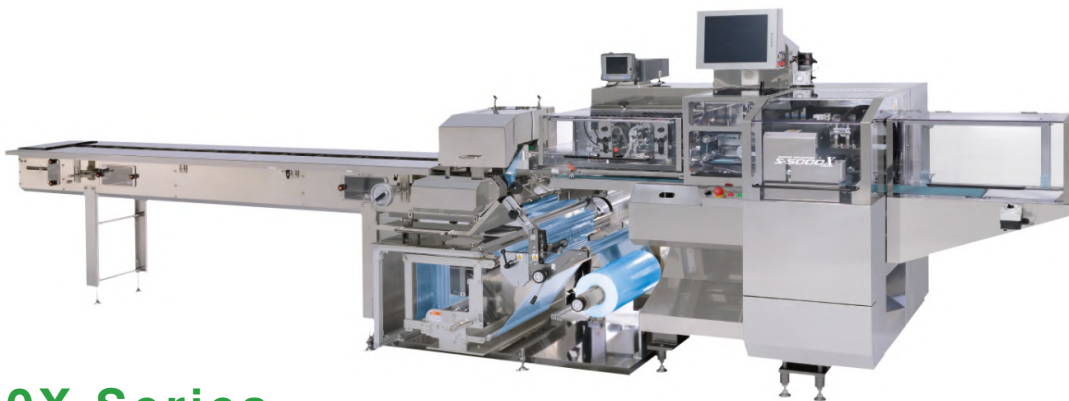

Flow wrapping

Flow wrapping with gusset

		Rotary End Seal	Box Motion End Seal
Model		S-5000X	S-5000X BX
Speed (PPM)		Max 300	Max 120
Product Size	Width:	200mm	200mm
	Height:	60mm	80mm
Cut-off Length:		60-10,000mm	110-10,000mm
Film Width:		Max 450mm	

S-5600X Series

This Inverted range eliminates the need for trays and allows for packaging of multiple loose, sticky or crumbly items. An extension from the build of the S-5000X range this machine offers high quality pack presentation as well as tool-less product change.

		Rotary End Seal	Box Motion End Seal
Model		S-5600X	S-5600X BX
Speed (PPM)		Max 300	Max 120
Product Size	Width:	200mm	200mm
	Height:	60mm	80mm
Cut-off Length:		60-10,000mm	110-10,000mm
Film Width:		Max 450mm	

*No Compromises -
on quality, speed, operation or pack presentation.*

EP-7000 BXU

The World's fastest Box Motion Flow Wrapper does not miss a beat for operating 24/7. With an automatic film splicer and revolving multiple film shafts this machine is built for ultra-speeds and extreme production. Engineered for excellence, this machine is a horsework with all the bells and whistles.

		Box Motion End Seal
Model		EP-7000 BX
Speed (PPM)		Max 400
Product Size	Width:	80mm
	Height:	40mm
Film Width:		Max 250mm Dia. 350mm
