

# MEET THE NEXT GENERATION OF CANOPIES AND TRAYS

- > CHASSIS MOUNT CANOPIES
- > HORIZON TRAY MOUNT CANOPIES
- > HORIZON TRAYS
- > ACCESSORIES

Trig Point is committed to creating Australian-made products designed for Australian conditions.

As passionate 4WD enthusiasts with extensive industry experience, we pride ourselves on delivering simple, elegant designs that are strong, durable, and highly functional.

# THE TRIG POINT DIFFERENCE

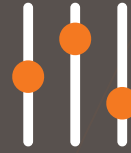

## DURABLE

Tough enough for trade, commercial use, and touring, all our products are designed to withstand heavy-duty demands. They're built strong enough to handle harsh corrugations, ensuring reliable performance in extreme environments.

## LIGHTWEIGHT

Trig Point trays and canopies are engineered for the perfect balance of strength and weight, offering durability without compromising performance. Their reduced weight maximizes payload capacity and minimizes fuel use, improving vehicle efficiency.

## FUNCTIONAL

Trig Point products are designed for ease of use. They feature single-handed opening for easy access and slam-shut locks with a central locking system to add convenience and security. Trig Point trays and canopies are the practical choice.

## STYLISH

Made from quality materials and crafted with exceptional workmanship, Trig Point products are designed to complement your vehicle's modern aesthetics with a high-end finish and optional colour-coded paintwork.

## INNOVATIVE

Designed and made in Australia by 4WDers for 4WDers our patented and registered designs reflect the latest off-road technology. Combining practicality with innovation our trays and canopies have flexible build options to suit every need.

## WEATHERPROOF

Trig Point products are built to withstand harsh conditions, offering dustproof, waterproof protection for your gear. Designed to safeguard your tools and valuables, you can trust Trig Point to keep your equipment secure and in top condition.

# REAL-WORLD BENEFITS

## LIGHTWEIGHT

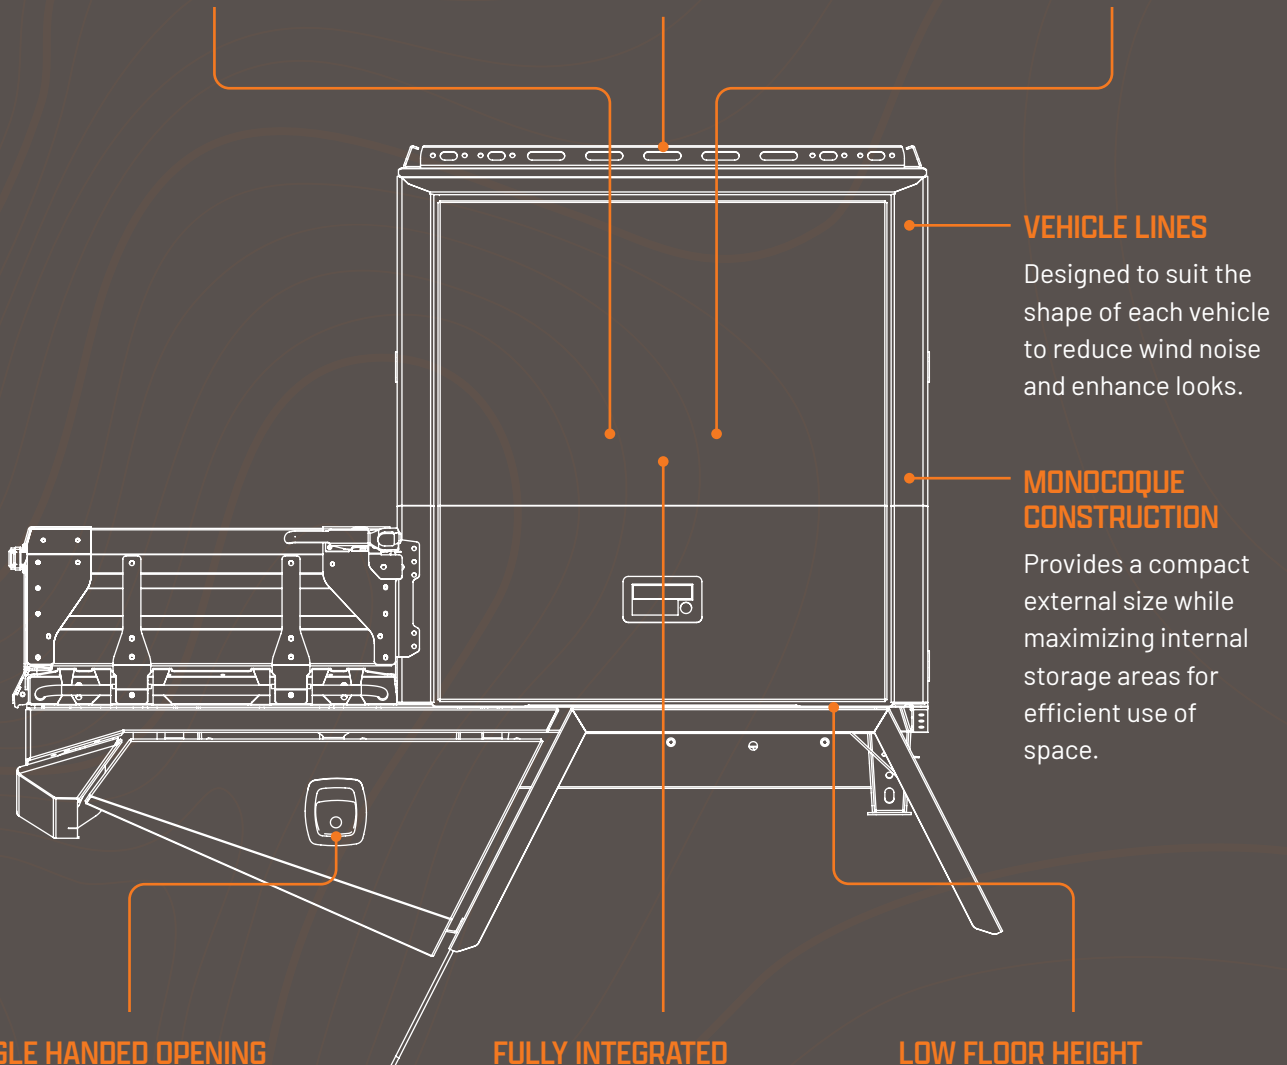

Reduces vehicle weight, maximizing GVM and improving overall vehicle performance and fuel efficiency.

## INTEGRATED ROOF RACKS

Reduces drag and minimizing noise while driving whilst offering a mounting system for other roof accessories.

## CUSTOMISABLE FIT OUTS

Tailored accessory combinations to meet your specific needs, optimizing space and functionality for any purpose.

## VEHICLE LINES

Designed to suit the shape of each vehicle to reduce wind noise and enhance looks.

## MONOCOQUE CONSTRUCTION

Provides a compact external size while maximizing internal storage areas for efficient use of space.

## SINGLE HANDED OPENING

Simple and functional design allows easy operation with just one hand, improving usability and convenience.

## FULLY INTEGRATED

Seamlessly integrates with vehicle central locking, radar, sensors, and cameras for enhanced functionality.

## LOW FLOOR HEIGHT

Lowers the vehicle's centre of gravity, enhancing performance both on and off-road while ensuring easy internal access.

# WHICH CANOPY IS RIGHT FOR ME?

## CHASSIS MOUNT CANOPIES

Built-in performance and simplicity

Chassis Mount Canopies are a single piece solution that mounts directly to your vehicle's chassis. Designed for strength, space and seamless integration, they're a dependable choice for setups that don't need to come off.

A Chassis Mount canopy is right for you if:

- A lower floor height matters for ease of access and use
- Wanting maximum internal storage space
- You don't need to switch between a tray and canopy
- You're after a fixed, permanent solution
- Simplicity and clean lines are a priority
- Need a lightweight setup to maximise payload

### IN SUMMARY

Chassis mount canopies are ideal for those seeking a permanent lightweight solution with more usable interior space and fewer moving parts. If you are building a purpose-driven setup that stays on full-time this is the one.

## HORIZON TRAY MOUNT CANOPIES

### Modular versatility

Horizon Tray Mount Canopies sit on top of a tray, offering greater flexibility. Need to remove the canopy or swap out your setup? This is the adaptable option that grows with your needs – on the job or touring.

A Tray Mount canopy is right for you if:

- You need the ability to run part canopy, part tray
- Flexibility to remove or swap the canopy is important
- You value modularity for changing work or travel needs
- Need quick access to open tray space
- You are not limited by overall weight
- Are looking for a compact canopy to improve weight distribution

### IN SUMMARY

Horizon Tray Mount Canopies suit those who need versatility above all. If you value the freedom to adapt your set up – whether it's for trade, travel or touring – a tray-mounted solution gives you room to move.

# DESIGN, R&D AND TESTING

## DESIGNED FOR AUSTRALIAN CONDITIONS

Australia's vast, remote landscapes demand gear that's lightweight, reliable, and built to last. Local 4WDers expect exceptional fit, finish, and performance—needs only truly met by Australian-designed products. Trig Point delivers purpose-built solutions that handle the harshest conditions, designed specifically for how we use our vehicles.

## ENGINEERED FOR PERFORMANCE

Trig Point's products are engineered, not simply fabricated. Designed and developed by expert engineers and manufacturers, each product goes through a rigorous process of design, refinement, and testing. Every detail is meticulously crafted to deliver the most functional and polished final product possible.

## RIGOROUS TESTING FOR ULTIMATE RELIABILITY

Trig Point's testing process includes FEA, shaker table and extensive field testing on Australia's hardest terrain. We believe our rigorous testing is the most comprehensive on the market, giving us confidence that every product is ready for your next adventure.

## BY 4WDERS, FOR 4WDERS

At Trig Point, we live the 4WD lifestyle. Our products are designed from the ground up by 4WDers who understand the punishment gear takes. The result? Lightweight, strong, and functional solutions that work seamlessly for both work and play—because real-world experience drives real innovation.

## PURPOSE DRIVEN INNOVATION

Everything we design is to fulfill a need. Our dedication to perfecting the design in CAD before moving into an iterative prototyping phase showcases our attention to detail and ensures we effectively balance style, function, weight and strength in the final product.

## MANUFACTURING FOR CONSISTENT QUALITY

Once the design is finalised, products are manufactured in our state-of-the-art facility in Melbourne, Australia. By manufacturing in house, we ensure our processes are set up to consistently meet our high benchmark for quality.

FOT-04B

# THE TRIG POINT PHILOSOPHY

## MADE TOUGH

Trig Point has one of the lightest yet strongest range of canopies and trays on the market allowing you to get the most out of your GVM whether for work or play.

## MADE SMART

Trig Point products are designed for ease of use. Our single-handed opening, customizable interior fit outs and a huge list of standard inclusions have you covered. We pride ourselves on our fit and finish and attention to detail.

## MADE IN AUSTRALIA

Trig Point is proudly Australian owned. Our products are designed and manufactured here and are built to endure in the harsh Australian environment.

# CHASSIS MOUNT CANOPIES

CHASSIS MOUNT CANOPIES

# THE ORIGINAL LIGHTWEIGHT ALL-ROUNDER

## LIGHTWEIGHT MONOCOQUE CONSTRUCTION

Unique steel and aluminium monocoque delivers class-leading strength with reduced weight and more usable storage.

## DIRECT CHASSIS MOUNTING

No tray required—mounts straight to the chassis for lower weight, better access, and easier loading.

## AUTOMOTIVE LOCKING SYSTEM

Slam shut, single-handed locks with central locking on main canopy doors and trundle drawers.

## INTEGRATED ROOF RACKS

Standard roof rack with 300kg dynamic load rating and full accessory compatibility.

## DUST & WATERPROOF SEALING

Our canopy doors, toolboxes and trundle drawer are some of the best sealed products against dust and water on the market.

## STANDARD ELECTRICAL INCLUSIONS

LED door lights, 12V outlet, fuse box, door buzzer, and OEM sensor relocation expertise.

## FLEXIBLE INTERIOR LAYOUTS

Modular interior setup options including kitchens, fridges, dividers and partitions.

## DURABLE POWDERCOAT FINISHES

Fully powder coated inside and out in Mannex Black with optional colour-matched 2-pack paint.

## SIGNATURE TRIG POINT STYLING

Sleek design built to suit work or play, with a premium finish that complements modern vehicles.

“Camping out of this car has been awesome with this canopy everything’s there ready to go. I don’t have to unpack loads and loads of stuff each night. Just open the ladder, lift the roof top up and I’m done. Slide the pantry and kitchen out and make dinner. It makes camping so much more enjoyable.”

– Benji Brown

# HORIZON TRAY MOUNT CANOPIES

# ADAPTABLE, TOUGH, AND RELIABLE

## LIGHTWEIGHT MONOCOQUE CONSTRUCTION

Optimised strength and weight with internal frame-free construction for maximum storage.

## 'TRACK SIDE' TRAY MOUNTING

Overlapping canopy design improves strength, alignment, and interior access.

## AUTOMOTIVE LOCKING SYSTEM

Slam shut, single-handed locks with central locking on main canopy doors and trundle drawers.

## INTEGRATED ROOF RACKS

Standard low-profile roof rack with 200kg dynamic rating and full accessory compatibility.

## DUST & WATERPROOF SEALING

Our canopy doors, toolboxes and trundle drawer are some of the best sealed products against dust and water on the market.

## STANDARD ELECTRICAL INCLUSIONS

“Throughout six years of travel, abuse and living out of the canopy, I consistently discovered new features that elevated my Trig Point experience. From slamming into embankments in Tasmania to helping mates move house, the canopy hasn’t just survived it all, it came out the other side looking as good as day one. Onto the second Trig Point set up!”

- Nathan Little (@bad1.79)

# HORIZON TRAYS

HORIZON TRAYS

# RUGGED, RELIABLE, AND READY TO WORK

## INNOVATIVE REMOVABLE HINGES

Patented hinges make side removal easy whilst protecting toolboxes and wheel arches from damage.

## MULTIPLE TIE-DOWN OPTIONS

Integrated floor tracks, internal side rails, and external rope rails for ultimate flexibility.

## REMOVABLE HEADBOARD

Bolt-off headboard allows forward canopy mounting to improve weight distribution and maximise tray space.

## LIGHTWEIGHT, HEAVY-DUTY CONSTRUCTION

Zinc-plated steel frame and 4mm alloy floor for unmatched strength-to-weight performance.

## DUST & WATERPROOF STORAGE

Fully sealed toolboxes and optional trundle drawers protect gear from the elements.

## FLEXIBLE ACCESSORY SETUP

Customise with trundle drawers, water tanks, tyre carriers and ladder racks to suit your needs.

## DURABLE POWDERCOAT FINISHES

Fully coated in Mannex Black with optional 2-pack paint for a seamless factory look.

## SIGNATURE TRIG POINT STYLING

Sleek design built to suit work or play, with a premium finish that complements modern vehicles.

## CANOPY MOUNTING PLATFORM

Versatile platform base for Horizon canopies—available without headboard and sides, in lengths to suit you.

"I have dealt with Trig Point on four different occasions and could not speak more highly of them. Casey was fantastic from start to finish as were the boys in the factory. They treat your vehicle like it was one of their own. If you don't buy a canopy or tray off these guys you're mad!"

- Duncan Stadler

# ACCESSORIES

# ACCESSORIES

## LADDERS

Offering easy roof access with a strong, lightweight construction. Designed to taper towards the vehicle, for convenience, with a single rubber tension latch that works even in mud and dust.

## TYRE CARRIERS

Trig Point's Tyre Carrier enables you to carry your spare tyre in a more accessible location or an extra spare. Available in any stud pattern and adjustable to suit different offset rims.

## ROOF MOUNTING SYSTEMS

Roof top tent and awning mounts, solar panels, platforms and more can be mounted directly to our integrated perimeter tie down rail.

### JERRY CAN HOLDERS

Our fully lockable, vented Jerry Can/ Gas bottle holders are available in a single or double configuration.

### TRUNDLE DRAWER

Dust and waterproof and integrated into your vehicles central locking our trundle drawers are packed with features to maximise functionality.

### WATER TANK

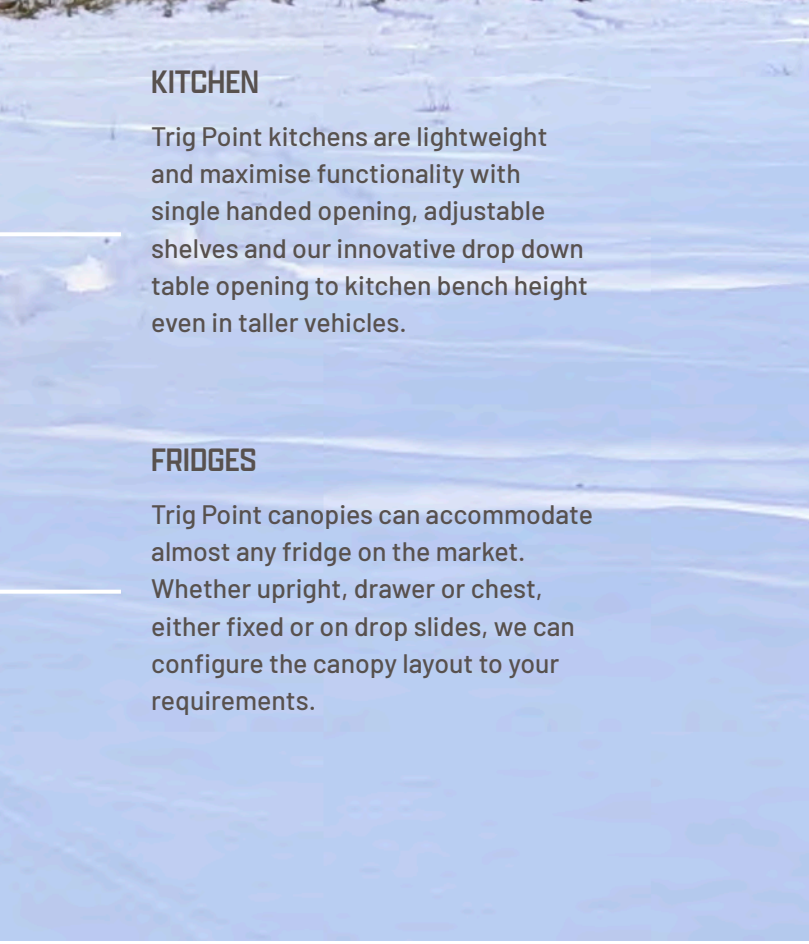

Perfect for drinking water our water tanks are constructed from food grade plastics and mounted to keep weight low and forward.

# ACCESSORIES

## SOLAR

Our 120 watt solar panels are specially designed to fit perfectly between our canopy roof rails and can be configured around cross bars or other accessories.

## KITCHEN

Trig Point kitchens are lightweight and maximise functionality with single handed opening, adjustable shelves and our innovative drop down table opening to kitchen bench height even in taller vehicles.

## FRIDGES

Trig Point canopies can accommodate almost any fridge on the market. Whether upright, drawer or chest, either fixed or on drop slides, we can configure the canopy layout to your requirements.

## DRAWERS

Trig Point offers heavy-duty storage drawers with a carpeted exterior, optional slide-out tables, and sizing tailored to your vehicle.

## TRIG POINT'S POWER KIT

Our latest power systems combine everything you need into one efficient unit, configurable with 25-100 amp chargers and 100-400 Ah batteries.

## DIVIDERS AND SHELVES

Modular panels with numerous divider and shelving options can be configured in thousands of combinations to suit your specific needs.

Trig Point Canopies and Trays are available  
Australia wide. Please visit our website for
