## **We Make:**

Canopies  
Rooftop Tents  
Roof Conversions  
Campers  
Awnings  
Accessories

## **We Don't Make:**

Compromises

# GEAR UP FOR THE GREAT OUTDOORS

---

For 25 years, Alu-Cab has pioneered, engineered and manufactured the ultimate vehicle accessories.

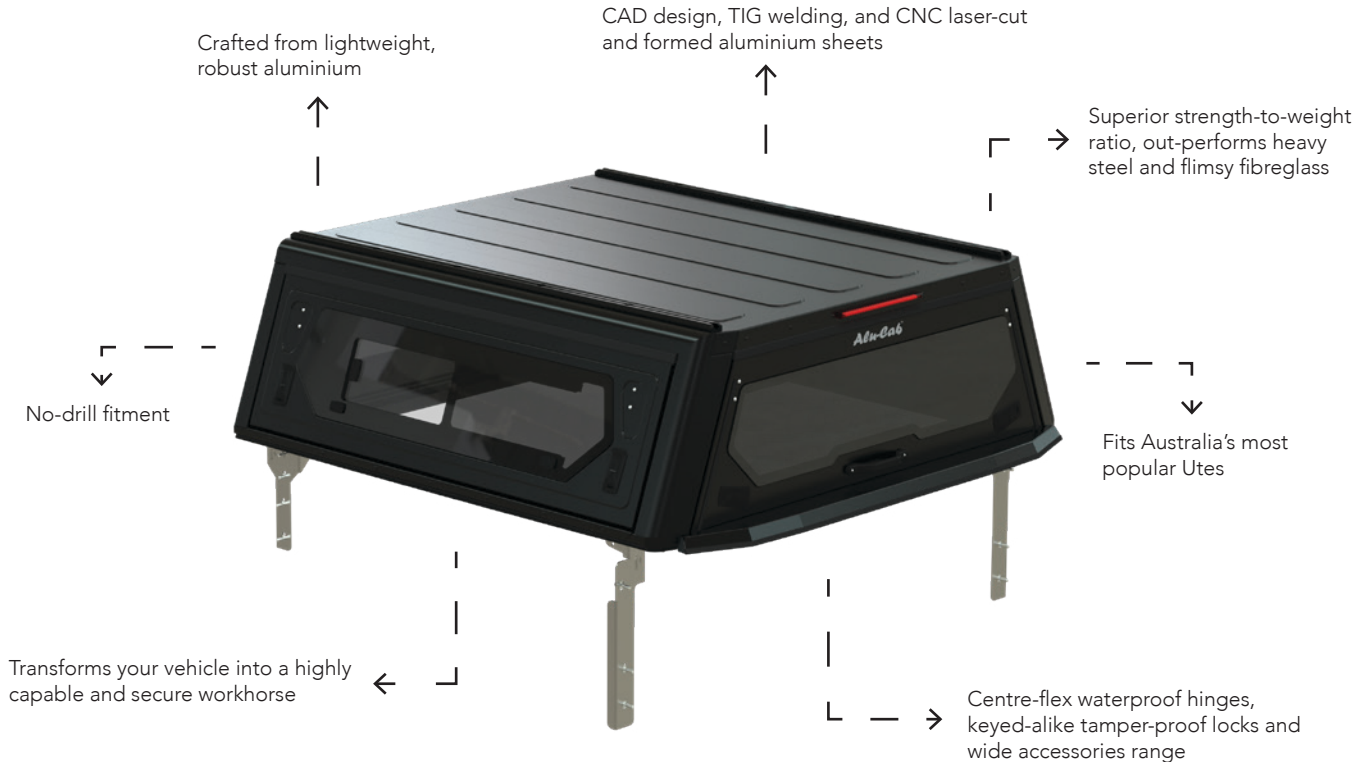

Today, more than 600 of us craft Alu-Cab products from our factory in Cape Town, shipping to 73 countries and distributing through a network of 300 dealerships.

But it's not about us, because we're all about you.

Your adventures, feedback and support drives our innovative spirit. So that we continue to create the things you wish existed – overland, commercial and lifestyle accessories that empower you to go further, more comfortably, and with the confidence that your gear won't ever let you down.

Because 'good enough' isn't good enough; that's why Alu-Cab **Makes It Better.**

- Built-in Heater Vent

# ROOF CONVERSIONS

---

## TURN YOUR CAR INTO A CAMPER

---

When mortals harness the power of the gods, the results are legendary.

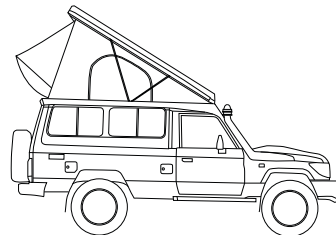

All Alu-Cab Roof Conversions are constructed from aluminium for enhanced strength with minimal weight.

They're also designed for fast, one-person setup and allow you to go from driver's seat to bed with ease.

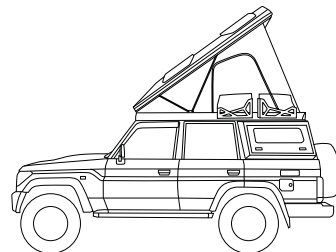

## HERCULES

Designed for the Toyota Land Cruiser 75 & 78 Series Troopy, this conversion is a complete transformation that **turns your vehicle into a functional living space for two.**

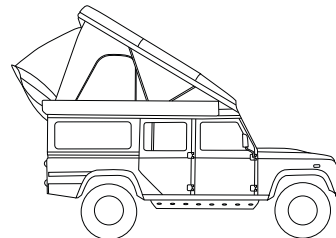

## THOR

Integrating seamlessly with the Land Cruiser 76 Series, we've taken an icon to new heights by **transforming it into a top-tier 2-sleeper camper.**

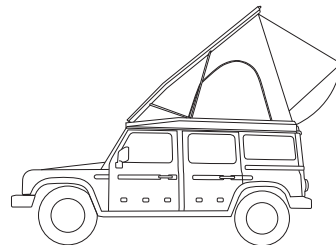

## ICARUS

The go-anywhere vehicle becomes a sleep-anywhere rig. **Combining practicality with comfort, without sacrificing space,** Icarus elevates the Land Rover Defender.

## SILENUS

Our newest rooftop conversion made for the INEOS Grenadier, offers a **perfect blend of modern aesthetics and rugged functionality.**

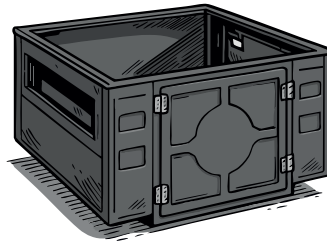

# ModCAP

## THE MODULAR SOLUTION THAT GROWS WITH YOU

Imagine if you could turn your Ute into a workhorse by adding a canopy and then, later, swap out the flat roof for one of several Camper options. That's ModCAP.

ModCAP's interchangeable components adapt to your changing needs, allowing you to create a setup that's uniquely yours. Here's how...

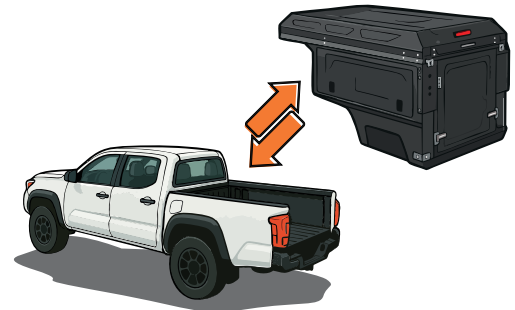

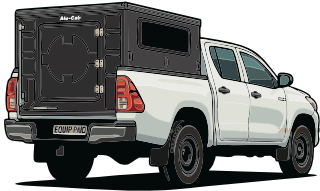

### DRIVE-OFF BASE

Embrace versatility with the Drive-Off Base.

### ModCAP BASE

This is your starting point and the platform on which every ModCAP is built.

## ModCAP Flat Roof

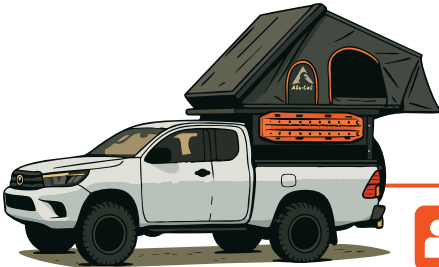

Available for DC, XC, FSS, FSL – this option is for those who want a canopy, but know that's they may upgrade to a camper in the future.

---

## ModCAP Camper

We've transformed our iconic Canopy Camper into a modular innovation, turning the ModCAP Base into a two-sleeper ModCAP Camper.

---

## ModCAP Compact Camper

The ModCAP Compact Camper looks like a canopy but functions as a camper. No drag. No drama. This is for those looking for a slimmer unit.

---

## ModCAP Family

Designed with families in mind, the side-opening design creates a massive sleeping platform that comfortably sleeps up to four adults.

---
