languages

10,000+  
professional  
domain-expert  
linguists

*"With support from 2M's innovative language service and language tech solutions, we are able to offer our Social Performance professional development programs in different languages to cohorts around the globe."*

Sarah Mackenzie, Research Manager,  
Centre for Social Responsibility in  
Mining, Sustainable Minerals Institute,  
UQ

### TRANSLATION & LOCALISATION

Experts in translating and adapting technical content for the Latin American market covering the entire mining ecosystem, from mineral processing and surface mining to metal reserves and sustainable fuel sources.

- ✔ Software localisation
- ✔ Website localisation
- ✔ Technical documentation

### VIDEO LOCALISATION

Professional subtitling and captioning services to help you effectively reach a wider audience. Engage a global audience through multilingual training and health and safety video content.

- ✔ Subtitling
- ✔ Voice-overs
- ✔ Captioning

### INTERPRETING

Enjoy productive conversations through professional onsite and virtual interpreting services for any mining event, meeting, or conference.

- ✔ Onsite interpreting
- ✔ Remote interpreting

## TECHNOLOGY-ENABLED SOLUTIONS

2M combines human linguistic expertise with cutting-edge language technologies to build tailored solutions that help you do more, more efficiently. Our custom-made solutions leverage AI-driven workflows to enable seamless communication between global partners, employees and customers.

### Multilingual asset management

Optimised localisation operations supported by advanced multilingual asset management practices. Our quality controls ensure your multilingual content is customised for its purpose and promotes efficient content creation with a personalised glossary of terminology.

### Multilingual Meeting Platform

Connect authentically in any language on 2M's Multilingual Meeting Platform. Designed to support multilingual conversations, events, and conferences anywhere and in any language through real-time interpretation.
