GRX25 TO LEAD THE CHARGE TOWARD A SUSTAINABLE, TECH-DRIVEN FUTURE FOR GLOBAL RESOURCES

Brisbane, Australia, 20 – 22 May 2025 – A bold new era for the global mining and resources sector begins with the launch of **GRX25 – the Global Resources Innovation Expo**, a premier international event dedicated to accelerating a sustainable, technology-led transformation of the industry.

Previously known as the Austmine Conference and Exhibition, GRX25 marks a strategic evolution, proudly presented by **Austmine** in collaboration with **AusIMM**, the leading professional body for resources professionals. GRX25 will bring together the brightest minds and most innovative solutions in mining, technology, and sustainability under the theme **"Embracing a New Era."**

Shaping the Future of Mining and Resources

GRX25 is more than an industry event—it's a platform for progress. Featuring a robust program of keynote presentations, dynamic panels, and interactive workshops, the expo will explore critical areas driving change in the sector, including:

- Harnessing the Power of Disruption
- Pioneering Change Across the Globe
- Trailblazing Technologies
- Shattering the Boundaries
- Paving the Way to Our Bold Future

Attendees will gain invaluable insights into digital transformation, emerging technologies, and global best practices, equipping them to thrive in an increasingly complex and fast-paced environment.

Inspiring Global Perspectives

GRX25 will feature a lineup of world-renowned speakers from across mining, technology, academia, and government. These thought leaders will share their expertise on how innovation is being applied to address the industry's biggest challenges—from decarbonisation and automation to global supply chains and community impact.

Who Should Attend

GRX25 is designed for a diverse audience including industry professionals, corporate leaders, technology providers, investors, policymakers, academics, and media. The event offers unmatched opportunities for networking, strategic collaboration, and staying ahead in a rapidly evolving landscape.

Don't Miss GRX25

Be part of the transformation. Join the conversation. Shape the future.
