HARBOUR AND ESCORT TOWAGE AT LNG TERMINALS IN THE MODERN ERA

Sharing HaiSea Marines' Journey as a Modern Marine Startup:
Context: Supporting the LNG Canada Export Terminal

Our Approach:

- 1. Fostering a relationship with our indigenous partner, the Haisla First Nation**
- 2. Designing a green fleet based on community engagement and new-generation expectations**
 - a. Fleet introduction: LNG Fueled Escort Tugs, Fully Electric Harbour Tugs
 - b. Key Features Design Review
 - c. LNG Bunkering and Charging Infrastructure
 - d. Environmental Data, Well to Wake
- 3. Preparing for the Nextgen workforce, our commitments**
 - a. Physical asset commitments
 - b. Workplace culture commitments
 - c. Training commitments
